

MESSAGE FROM OUR CHAIRMAN

Date: April 10, 2026

Dear Fellow Stockholders:

On behalf of the Board of Directors of Riley Exploration Permian, Inc. (“Riley Permian,” “we,” or the “Company”), we are pleased to invite you to attend our 2026 Annual Meeting of Stockholders, which will be held on Tuesday, May 12, 2026, at 9:00 a.m. Central Time.

The accompanying Notice of Annual Meeting of Stockholders and Proxy Statement provide important information regarding the matters to be voted upon at the meeting. We encourage you to review these materials carefully before voting.

The 2026 Annual Meeting will be conducted through a virtual meeting platform, as described in the proxy materials. Your participation is important to us. Whether or not you plan to attend the meeting virtually, we encourage you to vote your shares as promptly as possible to ensure they are represented.

2025 was an important year for Riley Permian as we advanced several strategic priorities focused on expanding our asset base, readying infrastructure, improving financial flexibility, and positioning the Company for long-term value creation.

During the year, we expanded the depth and duration of our undeveloped inventory through the Silverback acquisition completed in July 2025, as well as through several smaller acquisitions and new leasehold. In total, we ended 2025 with nearly 50% more net undeveloped locations than at year-end 2024.

We also made substantial progress on our New Mexico gas midstream infrastructure project, which is intended to provide flow assurance and support the continued development of our New Mexico assets. In December 2025, we monetized our ownership interest in the project through a sale to our partner, a leading midstream service provider and Fortune 500 public company, generating a \$72 million pre-tax gain.

The midstream transaction meaningfully strengthened our financial position. In December, we reduced outstanding debt by \$120 million or approximately 32%. For the full year, shareholders’ equity increased by \$5.46 per share or 22%. In addition, we increased our regular dividend by 5% and we authorized a share repurchase program of up to \$100 million, providing an additional option in our capital allocation framework.

We believe these actions have positioned the Company with enhanced financial flexibility and a stronger foundation to support growth in 2026 and beyond.

Our Board of Directors and management team remain focused on building long-term shareholder value through the development of our high-quality assets, operational execution, and disciplined capital allocation.

We look forward to discussing these matters with you at our Annual Meeting. Thank you for your continued support of Riley Permian.

Sincerely,

A handwritten signature in black ink, appearing to read "Bobby D. Riley".

Bobby D. Riley
Chairman of the Board of Directors and Chief Executive Officer

Vote Required and Board Recommendation

Election of directors requires the affirmative vote of a plurality of votes cast at the Annual Meeting. The approval of each other "PROPOSAL" requires the vote of a majority of the voting power of the outstanding shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions will not be counted as a vote cast and, therefore, will not have an effect on the election of directors, but they will have the effect of a vote against the other "PROPOSALS". Broker non-votes have no effect on the outcome of the vote.

- ✓ Our Board unanimously recommends that you vote "**FOR**" the election of each of the director nominees named in this Proxy Statement, and "**FOR**" the approval of each other proposal in this Proxy Statement.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who is entitled to vote at the Annual Meeting?

Stockholders as of the close of business on March 16, 2026 (the “Record Date”) are eligible to vote their shares at the Annual Meeting. On the Record Date, we had 21,567,428 shares of our Common Stock outstanding and eligible to vote.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum is present if at least a majority of the issued and outstanding shares entitled to vote are represented by stockholders present at the Annual Meeting or by proxy. On the Record Date, there were 21,567,428 shares issued and outstanding and entitled to vote. Therefore, a minimum of 10,783,715 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker), or if you vote online at the Annual Meeting. Abstentions and withhold authority votes will be counted towards the quorum requirement and broker non-votes (discussed immediately below) will be counted toward the quorum requirement assuming the broker is entitled to vote the applicable shares on at least one discretionary proposal. If there is no quorum, the Chairman of the Annual Meeting may adjourn the Annual Meeting to another date.

What is a broker non-vote?

A broker non-vote occurs when the broker is unable to vote the shares it holds on behalf of a beneficial owner (such shares are said to be held in “street name”) because a proposal is not routine and the beneficial owner has not provided any voting instructions on that matter. NYSE rules determine whether proposals are routine. If a proposal is routine, a broker holding shares in street name may vote on the proposal without voting instructions. If a proposal is not routine, the broker may vote on the proposal only if the beneficial owner has provided voting instructions. If a broker does not receive instructions for a non-routine proposal, the broker will return a proxy card without a vote on that proposal, which is commonly referred to as a “broker non-vote.” The Company believes that the ratification of BDO USA, P.C.’s appointment is a routine proposal, but the election of directors, the advisory vote on named executive officer compensation and vote on the amendment and restatement of the Riley Exploration Permian, Inc. Amended and Restated 2021 Long Term Incentive Plan are not routine proposals under applicable NYSE rules.

What vote is required to approve the election of directors (Item 1 on the proxy card)?

Directors are elected by a plurality of the votes cast at the Annual Meeting (that is the seven (7) director nominees receiving the greatest number of votes cast will be elected). Broker non-votes will not have an effect on the outcome since they do not count as a vote cast under the plurality standard.

What vote is required to approve the ratification of the selection of BDO USA, P.C. as our independent registered public accounting firm (Item 2 on the proxy card)?

Under our Bylaws, the ratification of the selection of BDO USA, P.C. as our independent registered public accounting firm requires a majority of the shares present or represented by proxy and entitled to vote on the matter vote “for” the proposal. If you “abstain” from voting, it will have the same effect as an “against” vote because abstentions are treated as shares entitled to vote under Delaware state law.

What vote is required to approve the advisory vote on named executive officer compensation (Item 3 on the proxy card)?

Under our Bylaws, the advisory vote on the frequency of the advisory vote on named executive officer compensation requires a majority of the shares present or represented by proxy and entitled to vote on the matter vote “for” the proposal. If you “abstain” from voting, it will have the same effect as an “against” vote because abstentions are treated as shares entitled to vote under Delaware state law.

What vote is required to approve the amendment and restatement of the Riley Exploration Permian, Inc. Amended and Restated 2021 Long Term Incentive Plan (Item 4 on the proxy card)?

Under our Bylaws the approval of the amendment and restatement of the Riley Exploration Permian, Inc. Amended and Restated 2021 Long Term Incentive Plan requires a majority of the shares present or represented by proxy and entitled to vote on the matter vote “for” the proposal. If you “abstain” from voting, it will have the same effect as an “against” vote because abstentions are treated as shares entitled to vote under Delaware state law.

Are there any other matters to be presented for action at the Annual Meeting?

Our Board does not know of any other matters to be presented for action at the Annual Meeting other than those listed in the Notice of Annual Meeting of Stockholders and referred to herein. If any other matters properly come before the Annual Meeting or any adjournment thereof, it is intended that the proxy solicited hereby be voted as to any such matter in accordance with the recommendations of our Board.

Who will serve as the inspector of election at the Annual Meeting?

We anticipate that Continental Stock Transfer and Trust Company will serve as the inspector of election and will tabulate the proxies and ballots at the Annual Meeting.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Form 8-K filed within four business days after the Annual Meeting.

How do I attend the Virtual Annual Meeting?

Follow the instructions below for either “Registered Stockholders” or “Beneficial Owners” as may be applicable to you.

Registered Stockholders (stockholders whose names the Company keeps on record as owners of the Company’s shares):

As a registered stockholder, you will receive a proxy card from Continental Stock Transfer and Trust Company. The proxy card will tell you how you may vote your shares before the virtual meeting. The proxy card also contains instructions on how to attend the virtual Annual Meeting and provides the required URL address, along with your control number. You will need your control number for access. If you do not have your control number, contact Continental Stock Transfer and Trust Company by phone at 917-262-2373 or by email at proxy@continentalstock.com.

You can (but are not required to) pre-register to attend the virtual meeting. Pre-registration begins on or about May 5, 2026 at 9:00 a.m. Central Time. Enter this URL address into your browser <https://www.cstproxy.com/rileypermian/2026> then enter your control number, name, and email address. Once you pre-register you can vote your shares, and if you wish you may also enter questions in the chat box for submittal at the virtual meeting. At the start of the virtual meeting, you will need to re-log in using your control number and will also be prompted to enter your control number if you vote during the meeting. If you have not pre-registered, you may still attend the virtual Annual Meeting by following the same procedure as for “pre-registering” set out in this paragraph. On the day of the virtual meeting, you will log in to the virtual Annual Meeting by going to: <https://www.cstproxy.com/rileypermian/2026>. You should do this at least 15 minutes before the meeting to assure timely entrance to the virtual meeting.

Beneficial Owners of shares (stockholders who own their investments through a bank or broker holding the shares in institutional or street name):

To vote your shares before the meeting:

You will receive proxy materials forwarded to you by the bank or broker. Although most banks and brokers offer mail, telephone, and internet voting, to vote your shares before the meeting, the availability of voting options and specific procedures to be used to vote will depend on their respective voting arrangements set out in the materials you receive from your bank or broker. Follow those instructions to vote your shares before the meeting. However, the forms you receive from the bank or broker will not contain instructions for attending the virtual Annual Meeting. If you vote your shares before the meeting, you are not obliged to attend the virtual meeting but are welcome to do so. To attend the virtual Annual Meeting and submit any questions to management, follow one of the two choices below:

To attend the virtual Annual Meeting and vote your shares at the meeting:

To attend the virtual Annual Meeting and vote shares at the meeting, beneficial owners will need to contact Continental Stock Transfer and Trust Company to receive a control number. Continental Stock Transfer and Trust Company can be contacted by phone at 917-262-2373 or by email at proxy@continentalstock.com. If you plan to vote at the meeting, you will also need to have what is called a “legal proxy” that you must obtain from your bank or broker. This assures your votes will not be double counted. Without the “legal proxy” from your bank or broker, you will not be allowed to vote at the meeting even though you have obtained a control number and are thereby entitled to attend the virtual meeting and ask questions. On the day of the virtual meeting, you will log in to the virtual Annual Meeting by going to: <https://www.cstproxy.com/rileypemian/2026>.

To attend the virtual Annual Meeting but not vote your shares at the meeting:

If you are a beneficial owner and would like to join the virtual Annual Meeting but do not want or need to vote your shares at the meeting, Continental Stock Transfer and Trust Company will issue you a guest control number with proof of your stock ownership. You must contact Continental Stock Transfer and Trust Company for specific instructions on how to receive the guest control number. Continental Stock Transfer and Trust Company can be contacted by phone at 917-262-2373 or by email at proxy@continentalstock.com. Please allow up to 72 hours prior to the meeting for processing your guest control number.

On the day of the meeting, you will log in to the virtual Annual Meeting by going to: <https://www.cstproxy.com/rileypemian/2026>.

If a proxy is properly executed and returned, the shares represented thereby will be voted as instructed on the proxy. Any proxy may be revoked by a stockholder prior to its exercise upon written notice to the Chief Executive Officer of the Company, or by a stockholder voting online at the Annual Meeting. Unless instructions to the contrary are indicated, proxies will be voted FOR the election of the directors named therein, and FOR each of the other proposals set forth in this Proxy Statement.

How can I access the Company’s Proxy Statement and Annual Report on Form 10-K electronically?

This Proxy Statement and the Company’s Annual Report on Form 10-K is available online at <http://www.cstproxy.com/rileypemian/2026> on the first day these materials are mailed to stockholders, which is anticipated to be April 13, 2026.

What is householding?

The SEC permits a single set of proxy materials to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokers and other nominees have instituted householding.

As a result, if you hold your shares through a broker or other nominee and you reside at an address at which two or more stockholders reside, you will likely be receiving only one set of proxy materials unless any stockholder at that address has given the broker or other nominee contrary instructions. However, if any such beneficial stockholder residing at such an address wishes to receive a separate set of proxy materials in the future, that stockholder should contact their broker or other nominee. Stockholders of record should send a request to the Company’s Corporate Secretary at the Company’s principal executive offices, 29 East Reno Ave., Suite 500, Oklahoma City, OK 73104 or by phone at (405) 415-8699.

Who is paying for this proxy solicitation?

The cost of preparing, assembling, and mailing the proxy materials and proxy card will be borne by the Company who is the party making this proxy solicitation. In addition to solicitation of the proxies by use of the mails, some of the officers and regular employees of the Company, without extra remuneration, may solicit proxies personally or by telephone, fax transmission or e-mail. The Company may also request brokerage houses, nominees, custodians, and fiduciaries to forward soliciting material to the beneficial owners of the Common Stock. The Company will reimburse such persons for their expenses in forwarding soliciting material.

PROPOSAL 1: ELECTION OF DIRECTORS

General

The Board is committed to recruiting and nominating directors for election who will collectively provide the Board with the necessary diversity of skills, backgrounds and experiences to meet the Company's ongoing needs and support oversight of our business strategy and priorities. The Board and the Nominating and Corporate Governance Committee (the "Nominating Committee") evaluate a candidate's character, judgment, skill set, experience, independence, other time commitments and any other factors that each deems relevant in light of the current needs of the Board. Additionally, the Board and the Nominating Committee believe that an important factor in its composition is diversity.

Our Bylaws state that the number of directors shall be fixed from time to time exclusively pursuant to a resolution adopted by the affirmative vote of the majority of the total number of authorized directors whether or not there exist any vacancies in previously authorized directorships. Our Board currently consists of seven (7) directors. Directors are elected annually and hold office until the next annual meeting or until their successors are duly elected and qualified or until their earlier resignation or removal.

Based on the recommendations from the Nominating Committee, our Board has approved the nomination of each of Bobby D. Riley, Bryan H. Lawrence, E. Wayne Nordberg, Brent Arriaga, Beth di Santo, Rebecca Bayless and Bobby Saadati for election as directors to serve a one-year term until the 2027 Annual Meeting of Stockholders, but in any event, until his or her successor is elected and qualified, unless ended earlier due to his or her death, resignation, disqualification or removal from office. We have no reason to believe that the nominees will be unable or unwilling to serve if elected. However, if a nominee should become unable or unwilling to serve for any reason, proxies may be voted for another person nominated as a substitute by our Board, or our Board may reduce its size. Each nominee has consented to being named as a nominee in this Proxy Statement and has indicated a willingness to serve if elected.

The election of each of our director nominees requires the vote of a plurality of the votes cast at the Annual Meeting, which means that the nominees who receive the largest number of votes cast "FOR" such nominee will be elected as directors. Abstentions and broker non-votes will not be counted as votes cast and, therefore, will not have an effect on the outcome of the election of directors.

Director Nominees and Board Recommendation

✓ Our Board unanimously recommends that you vote "FOR" the election of each of the director nominees named below.

Qualifications & Skills: Mr. Lawrence's over 50 years of experience in structuring and managing investments in public and private companies, including companies in the oil and gas industry, and extensive leadership roles (including serving on the board of directors for other public companies) are key attributes that make him well qualified to serve as a Director of the Company.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Our business and affairs are managed under the direction of our Board. The Board’s corporate governance guidelines (the “[Corporate Governance Guidelines](#)”) establish the Company’s governance framework. The Corporate Governance Guidelines address the structure and operation of the Board, including matters related to Board meetings; director independence; tenure; outside board memberships; the role of the Board’s Chairman; membership on Board Committees; and Board and Committee performance evaluations. Additionally, the Company adopted a Charter for each of the Committees of the Board. The Company’s governance guidelines and policies are reviewed and updated periodically, in light of changing regulations, evolving best practices and stockholder feedback.

Codes of Business Conduct and Code of Ethics

The Board has adopted a Code of Business Conduct and Ethics applicable to our employees, directors and officers and a Code of Ethics for Senior Financial Officers that applies to our principal executive officer, principal financial officer, principal accounting officer and controller, in accordance with applicable U.S. federal securities laws and the NYSE American Company Guide. Any waiver of these codes may be made only by our Board and will be promptly disclosed as required by applicable U.S. federal securities laws and the NYSE American rules. In accordance with good corporate governance practices, we periodically review and revise these documents as necessary.

Board Risk Assessment and Control

Our Board oversees an enterprise-wide approach to oil and gas industry risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long term organizational performance and enhance stockholder value. The Board meets regularly with senior management, including the executive officers, to discuss strategy and risks facing the Company. Senior management attends the quarterly meetings of the Board, as well as certain committee meetings, in order to review impacts to our operations and address any questions or concerns raised by directors on risk management and any other matter.

It is the Board’s responsibility to monitor our risk management processes by informing itself concerning our material risks and evaluating whether management has reasonable controls in place to address the material risks. While our Board has the ultimate oversight responsibility for the risk management process, other committees of our Board also have responsibility for specific risk management activities. In particular, the Audit Committee focuses on financial risk, including internal controls, and oversees compliance with regulatory requirements. In setting compensation, the Compensation Committee of our Board (the “[Compensation Committee](#)”) approves compensation programs for the officers and other key employees to encourage an appropriate level of risk-taking behavior consistent with our business strategy.

More information about the Company’s corporate governance practices, guidelines, policies and procedures is available on the Company’s website under the heading “*About—Governance*” at www.rileypermian.com/about/governance.

Combined Chairman and CEO Roles

The Board does not have a policy on whether or not the roles of Chairman of the Board and CEO should be separate or combined and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee. The directors serving on our Board possess considerable professional and industry experience, significant and diverse experience as directors of both public and private companies and a unique knowledge of the challenges and opportunities that Riley Permian faces. As such, the Board believes that it is in the best position to evaluate the needs of Riley Permian and to determine how best to organize Riley Permian’s leadership structure to meet those needs.

The Board believes that the most effective leadership structure for Riley Permian at the present time is for Bobby D. Riley to serve as both Chairman of the Board and CEO. This model has succeeded because it makes clear that the Chairman of the Board and CEO is responsible for managing our business, under the oversight and review of our Board. This structure also enables our CEO to act as a bridge between management and the Board, helping both to act with a common purpose. Additionally, in 2026, Brent Arriaga was appointed as Lead Independent Director. Our Board believes the Lead Independent Director position helps maintain an appropriate level of independent checks and balances, enables independent oversight of management and facilitates effective communication between management and the independent directors. The Board believes the combined Chairman of the Board and CEO structure, along with a Lead Independent Director strikes the appropriate balance between strategic development and independent oversight of risk management and effective corporate governance.

While the Board retains the authority to separate the positions of Chairman and CEO if it deems appropriate in the future, the Board believes the combined role of Chairman and CEO is currently effective. Combining these roles places one person in a position to guide the Board in setting priorities for Riley Permian and in addressing the risks and challenges we face. The Board believes that, while each of its directors brings a diversity of skills and perspectives to the Board, Bobby D. Riley, by virtue of his day-to-day involvement in managing Riley Permian, is best suited to perform this unified role.

The Board believes there is no single organizational model that is the best and most effective in all circumstances. As a result, the Board periodically considers whether the offices of Chairman and CEO should continue to be combined and who should serve in such capacities. The Board will continue to reexamine its corporate governance policies and leadership structures on an ongoing basis to ensure that they continue to meet our needs.

Direct Communications with our Board

Stockholders and other interested parties desiring to communicate with our Board, or any director in particular, may do so by mail addressed as follows: Attn: Board of Directors, Riley Exploration Permian, Inc., 29 East Reno Ave., Suite 500, Oklahoma City, OK 73104. Our Chief Executive Officer or Chief Financial Officer reviews each such communication received from stockholders and other interested parties and will forward the communication, as appropriate and reasonably practicable, to the Board (or individual director) for consideration should the communication fall within the scope of matters generally considered by our Board.

Board of Directors

Meetings and Attendance

During 2025, in addition to meeting informally on a regular basis and actions taken without a meeting by written consent, our Board held five meetings, our Audit Committee held five meetings, our Nominating and Corporate Governance Committee held two meetings and our Compensation Committee held five meetings. Each Board member attended at least 75% of the aggregate number of board of directors' meetings and meetings of committees on which the director served at the time.

Non-employee directors of the Board meet in executive session from time to time at the Board's regularly scheduled meetings, without any management directors and any other members of the Company's management who may otherwise be present. These executive sessions are led by one of our independent directors.

We encourage, but do not require, our directors to attend annual meetings of stockholders. At our 2025 Annual Meeting of Stockholders held on May 9, 2025, all except one of the then-serving members of our Board attended.

Director Independence

As required under the listing standards of the NYSE American exchange ("[NYSE American](#)"), a majority of the directors serving on our Board must qualify as independent, as affirmatively determined by our Board. In assessing director independence, the Board considered, among other matters, the nature and extent of any business relationships, including transactions conducted, between (i) the Company and each director, (ii) the Company and an immediate family member of a director and (iii) the Company and any organization for which one of our directors or an immediate family member is a director or executive officer or with which one of our directors or an immediate family member is otherwise affiliated. Based on this evaluation, our Board has determined that Bryan H. Lawrence, E. Wayne Nordberg, Brent Arriaga, Rebecca Bayless and Bobby Saadati are each an independent director, as that term is defined in the listing standards of the NYSE American.

Board Committees

Our Board has the authority to appoint committees to perform certain management and administrative functions. Our Board has established a Compensation Committee, an Audit Committee, and a Nominating and Corporate Governance Committee. Our Board has determined that the Compensation Committee, Audit Committee and Nominating and Corporate Governance Committee are comprised entirely of independent directors as currently required under the listing standards of the NYSE American and applicable rules and requirements of the SEC.

We have adopted written charters for each of these committees. Current copies of all committee charters appear on the governance section of our website at www.rileypermian.com under the heading "[About—Governance](#)" and are available in print upon written request to Riley Exploration Permian, Inc., 29 East Reno Ave., Suite 500, Oklahoma City, OK 73104, Attention: Corporate Secretary.

Audit Committee

The primary function of the Company's Audit Committee is to assist our Board in its general oversight of our Company's corporate accounting, financial reporting, internal control, and internal and external audit functions. The Audit Committee's main duties include recommending a firm of independent registered public accountants to audit the annual financial statements, reviewing the independent auditor's independence, the financial statements and their audit report and reviewing management's administration of the system of internal accounting controls and the appointment, structure and performance of the internal audit function, including the leader and scope of internal audit responsibilities and activities, and oversight of the Company's cybersecurity policies and programs.

To assist the Audit Committee in fulfilling its duties, our management team and internal audit group provide the committee with information and reports as needed and requested. Our Audit Committee also has access to our General Counsel and has the ability to retain outside legal counsel or other experts at its sole discretion if it deems such action to be necessary.

The members of our Audit Committee are directors Brent Arriaga (Chairperson), E. Wayne Nordberg and Rebecca Bayless. The Board has determined that Mr. Arriaga is an "audit committee financial expert" as defined in the applicable SEC rules. Each of our current Audit Committee members is considered to be an "independent director" as defined in the NYSE American Company Guide.

It is intended that, if elected as directors in 2026, each of Brent Arriaga, E. Wayne Nordberg and Rebecca Bayless will continue to serve as members of the Audit Committee with Mr. Arriaga again serving as the Chairperson of the Committee. It is also anticipated that if elected as a director in 2026, Bobby Saadati will become a member of the Audit Committee.

Compensation Committee

The Compensation Committee charter provides that the Compensation Committee will:

- Review and approve the Company's peer companies and data sources for purposes of evaluating the Company's compensation competitiveness and establishing the appropriate competitive positioning;
- Review and recommend to the Board for approval the Company's executive compensation program in light of the Company's goals and objectives relative to executive compensation;
- Evaluate the performance of the Chief Executive Officer and submit to the Board an annual evaluation and recommended compensation package for the Chief Executive Officer;
- In consultation with the Chief Executive Officer, set the compensation for the Company's other Named Executive Officers based on the Chief Executive Officer's performance evaluation in light of the Company's goals and objectives and overall Company performance and relative stockholder return; and
- Review our compensation practices and policies to ensure that they provide appropriate motivation for corporate performance and increased stockholder value.

The Compensation Committee charter provides that the committee may retain consultants and advisors to advise the Committee on compensation issues requiring outside expertise. The Compensation Committee may also consult with our Audit Committee and our independent auditors for the purpose of reviewing any calculations required under any company incentive compensation plans. Meetings may, at the discretion of the Compensation Committee, include members of the Company's management, other members of the Board, consultants or advisors, and such other persons as the Compensation Committee or its chairperson may determine.

The members of our Compensation Committee are directors E. Wayne Nordberg (Co-Chairperson), Rebecca Bayless (Co-Chairperson) and Brent Arriaga. Each of our current Compensation Committee members is considered to be an "independent director" as defined in the NYSE American Company Guide.

It is intended that, if elected as directors in 2026, each of E. Wayne Nordberg, Brent Arriaga and Rebecca Bayless will continue to serve as members of the Compensation Committee with Mr. Nordberg and Ms. Bayless again serving as the Co-Chairpersons of the Committee. It is also anticipated that if elected as a director in 2026, Bobby Saadati will become a member of the Compensation Committee.

Role of Compensation Consultants

The Compensation Committee has the sole authority to retain and terminate any compensation consultant directly assisting it. The Committee also has the sole authority to approve fees and other engagement terms. The Committee receives comparative compensation data from management, from proxy statements and other public disclosures, and through surveys and reports prepared by compensation consultants. The Compensation Committee retained Meridian Compensation Partners, LLC ("Meridian") as its independent compensation consultant for 2025. In this capacity, Meridian reported directly to the Committee. One or more representatives of Meridian attended all meetings of the Committee, and met regularly with the Committee without members of management present. Meridian also reviewed meeting agendas and materials prepared by management. Meridian and members of management assisted the Compensation Committee in its review of proposed compensation packages for our executive officers. For the 2025 performance year, Meridian prepared discussion materials for the compensation of the CEO, which were reviewed in executive session. Meridian also prepared other benchmarking reviews and pay for performance analyses for the Committee. The Company paid no fees to Meridian in 2025 other than fees paid in connection with work performed by Meridian for the Compensation Committee.

Applicable SEC rules require companies to assess whether the work of any compensation consultant who has played any role in determining or recommending the amount or form of executive or director compensation raises any “conflicts of interest.” If so, the company must disclose in its proxy statement the nature of any such conflict of interest and how it is being addressed. The Compensation Committee reviewed the relationships among Meridian and the Company’s directors and executive officers in order to assess whether the work done by Meridian raised any conflicts of interest. The Compensation Committee did not identify any such conflicts of interest in its inquiry of these parties as a part of this assessment. Under its charter, the Compensation Committee also has the authority to retain, approve fees for and terminate advisors, consultants and legal counsel as it deems necessary to assist in the fulfillment of its responsibilities.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is a former or current officer or employee of the Company or is an executive officer of another company where an executive officer of the Company serves as a director.

Nominating and Corporate Governance Committee

The principal function of the Nominating Committee, is to: (i) assist the Board by identifying individuals qualified to become members of the Board, consistent with the criteria approved by the Board, and recommending director nominees to the Board for election at the annual meetings of stockholders or for appointment to fill vacancies on the Board and (ii) advise the Board and make recommendations regarding appropriate corporate governance practices and oversight of cybersecurity policies and assist the Board in implementing those practices.

The Company is committed to diversity in its leadership and when considering candidates for election to the Board, the Nominating Committee seeks members from diverse backgrounds so that the Board consists of members with a broad spectrum of industry knowledge, experience and expertise, experience and familiarity with accounting and finance, astute business judgement, and with a reputation for integrity.

The Nominating Committee reviews its effectiveness in this regard in connection with the annual Board evaluation, recognizes the value of having diverse backgrounds represented, and when determined to be an appropriate time to make changes or add directors to the Board, will give serious consideration to qualified candidates from diverse backgrounds. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated and be selected based upon contributions that they can make to the Company.

In identifying prospective director candidates, the Nominating Committee may seek referrals from its members, management, stockholders and other sources. The Nominating Committee also may, but need not, retain a search firm in order to assist it in identifying candidates to serve as directors of the Company. Because the Nominating Committee believes that director nominees should be considered on a case-by-case basis on each nominee’s merits, regardless of who recommended the nominee, it has not adopted a formal policy with regard to the consideration of any director candidates recommended by stockholders. The Nominating Committee shall give the same consideration to candidates for director nominees recommended by Company stockholders as those candidates recommended by others.

The members of our Nominating Committee are directors Rebecca Bayless (Chairperson), E. Wayne Nordberg and Brent Arriaga. Each of our current Nominating Committee members is considered to be an “independent director” as defined in the NYSE American Company Guide.

It is intended that, if elected as directors at our 2026 Annual Meeting, each of Rebecca Bayless, E. Wayne Nordberg and Brent Arriaga will continue to serve as members of the Nominating Committee with Ms. Bayless serving as the Chairperson of the Nominating Committee. It is also anticipated that if elected as a director in 2026, Bobby Saadati will become a member of the Nominating Committee.

Compensation Program Objectives

Our executive compensation program is designed to attract and retain highly qualified executives and to motivate them to maximize stockholder return. We strive to achieve a balance between cash and non-cash compensation similar to that of our peers and believe a significant portion of the compensation for each of our Named Executive Officers should be incentive-based to emphasize a pay-for-performance philosophy.

The following charts illustrate that the largest portion of target compensation for our NEOs as of December 31, 2025 is in long-term equity compensation, consistent with our belief that our executive compensation program should be heavily influenced by our absolute stock price performance to further align the interests of our NEOs with those of our stockholders.

Compensation Program Best Practices

What We Do	What We Do Not Do
✓ Align compensation with overall Company performance and objectives and overall macroeconomic considerations	X Provide guaranteed annual incentive bonus payouts

✓ Use multiple performance metrics to determine annual incentive bonus awards	X Allow hedging of Company stock
✓ Cap maximum payout opportunities for short- and long-term incentive compensation at 200% of target	X Maintain compensation policies or practices that encourage unnecessary or excessive risk taking
✓ Maintain robust stock ownership guidelines for officers and directors	
✓ Engage stockholders on officer compensation matters	
✓ Maintain a clawback policy	
✓ Engage an independent compensation consultant

On behalf of our Board, the Compensation Committee reviews and evaluates all compensation for our executive officers, including our compensation philosophy, policies and plans. The Board has final approval of all compensation decisions made by the Compensation Committee with respect to our senior executive officers, including our Named Executive Officers, unless and to the extent that a certain decision or element of compensation has been fully delegated to the Compensation Committee. Our Chief Executive Officer also typically plays an important role in the executive compensation process, including evaluating the other executive officers and assisting in the development of performance goals. However, our Chief Executive Officer makes no recommendations regarding and does not participate in discussions about his own compensation. The Compensation Committee takes into consideration our Named Executive Officers’ total compensation, including base salary, annual incentives and long-term incentives, both cash and equity, when considering market-based adjustments to our Named Executive Officers’ compensation.

Compensation Peer Group Selection

In order to ensure that our executive compensation program remains competitive, the Compensation Committee reviews compensation data for our NEOs as compared to compensation data for similarly situated executives at peer companies selected by the Compensation Committee (the “**Compensation Peer Group**”). The Compensation Committee uses the Compensation Peer Group to evaluate and determine compensation levels for our NEOs, including base salary levels and targets for our annual incentive bonus and LTIP programs.

Our Compensation Peer Group includes companies that we believe are comparable to Riley based on some or all of the following criteria: enterprise value, market capitalization, total assets, production, region and degree of operating control. While some of our compensation peers differ in size for certain metrics, the Compensation Committee believes the combination of criteria make them appropriate peers against which to benchmark our compensation levels and practices. The Committee reviews the Compensation Peer Group annually and determines if changes should be made.

The 12-company Compensation Peer Group used to benchmark 2025 target compensation for our NEOs is presented below.

Compensation Peer Group			
Amplify Energy Corp.	Granite Ridge Resources, Inc.	Ring Energy, Inc.	Talos Energy Inc.
Berry Corporation	Gulfport Energy Corp.	SandRidge Energy, Inc.	Vital Energy, Inc.
Evolution Petroleum Corp.	HighPeak Energy, Inc.	SilverBow Resources, Inc.	W&T Offshore, Inc.

As of September 18, 2024, when target compensation from this peer group was reviewed, Riley was positioned at the 56th percentile of the Compensation Peer Group for enterprise value, the 54th percentile for market capitalization, and the 28th percentile for total assets (based on assets reported for the most recent quarter).

In 2025, the Compensation Committee approved changes to the Compensation Peer Group to reflect continued industry consolidation and peer company fit relative to the Compensation Peer Group criteria:

- Removed SilverBow Resources, Inc. (acquired during 2024)
- Added Magnolia Oil & Gas Corporation and Vitesse Energy, Inc.

Elements of our Executive Compensation Program

Base Salary

Base salary is the fixed annual compensation the Company pays to each of the Named Executive Officers for carrying out their specific job responsibilities, and reflects their experience and expertise. Base salaries are a meaningful component of the total annual cash compensation paid to the Company’s Named Executive Officers.

The Compensation Committee reviews the base salaries for each Named Executive Officer periodically and has historically made adjustments upon consideration of various factors, including but not limited to: (a) any increase or decrease in the Named Executive Officer’s responsibilities, (b) the Named Executive Officer’s job performance, and (c) the level of compensation paid to senior executives at the Compensation Peer Group companies with whom the Company competes for executive talent, and (d) other factors that it deems relevant.

For 2025, the Compensation Committee reviewed base salary data for similarly situated executives in the Compensation Peer Group. The Committee approved base salary increases of 3% for our NEOs, excluding Mr. Bobby D. Riley, to maintain alignment with the competitive market for talent. For our CEO, the Compensation Committee approved a 27% increase to bring Mr. Bobby D. Riley’s compensation more in line with market.

Below is a summary of base salaries for each NEO as of December 31, 2024 and December 31, 2025. Because these amounts reflect each NEO’s base salary as of the dates indicated, this information may vary from the information provided in the Summary Compensation Table, which reflects actual base salary earnings in the applicable year, including the effect of salary changes during the year.

Named Executive Officer	Annual Base Salary (As of December 31, 2024)		Annual Base Salary (As of December 31, 2025)		Percentage Increase 2024-2025
	\$		\$		
Bobby D. Riley ⁽¹⁾	\$	530,000	\$	675,000	27%
Philip Riley	\$	470,000	\$	484,000	3%
Corey Riley	\$	421,000	\$	434,000	3%
John Suter	\$	425,000	\$	438,000	3%
Jeffrey Gutman	\$	360,000	\$	371,000	3%

(1) Bobby D. Riley's annual base salary increase for 2025 was effective as of January 1, 2025.

Annual Incentive Bonus

In the first quarter of each year the Compensation Committee reviews and approves the performance objectives and quantitative goals that are used in the determination of earned annual incentive bonus awards. In 2025, the Compensation Committee adopted a new scorecard framework for the 2025 Annual Incentive Bonus Program in order to make the determination of awards based primarily on quantitative and objective metrics.

Under the new structure, 70% of the total metric weighting is allocated to quantitative metrics. The remaining 30% of the annual incentive bonus opportunity is based on the Compensation Committee's qualitative evaluation of the Named Executive Officers' achievement of strategic objectives that are critical to the Company's business plan. The Compensation Committee approved the following performance metrics and weightings for the 2025 program.

Performance Metric	Weight	Threshold Performance	Target	Maximum Performance	Actual Results	Weighted Payout
Upstream Free Cash Flow (\$MM)	17.5%	\$82	\$109	\$136	\$117	22.8%
Oil Production (MBopd)	17.5%	13.4	15.8	18.2	17.3	28.9%
Lease Operating Expenses + Cash General & Administrative Expenses (\$/Boe)	17.5%	\$14.23	\$11.86	\$9.49	\$11.06	23.4%
Health, Safety & Environmental Performance:						
(a) Total Recordable Incident Rate	8.3%	4.0	2.0	0	0	11.7%
(b) Total Fluid Spill Intensity	8.3%	0.0090%	0.0075%	0.0060%	0.0033%	11.7%
(c) Flare Intensity	8.3%	24%	20%	16%	7%	11.7%
Subtotal Quantitative Metrics	70%					110%
Strategic Objectives	30%	Qualitative Evaluation				60%
TOTAL	100%					170%

Target performance levels for each performance objective were established by the Compensation Committee in the first quarter of 2025 and set at challenging levels that were both consistent with our long-term goals and intended to incentivize and reward superior performance. In addition, a threshold level of performance is established for each performance objective, and if threshold performance for a performance objective is not achieved, no bonus amount is earned in respect of that performance objective.

Following the completion of the performance year, the Compensation Committee approved the annual incentive bonus awards. The Compensation Committee considers overall Company and individual performance against the performance objectives for the year and with input from the Chief Executive Officer.

In evaluating the Strategic Objectives component of the scorecard, the Compensation Committee considered the Company's successful completion of the Silverback acquisition and continued progress integrating those assets, the completed divestiture of the Company's midstream project in New Mexico, which allows the Company to focus on development of our upstream assets, and continued focus on return of capital to stockholders through the higher dividend and new share repurchase program.

Effective for the 2025 performance year, the Compensation Committee determined to increase the NEO bonus targets from 50% of base salary to bonus targets that are more closely aligned with market. Individual bonus targets and individual annual incentive bonus awards for 2025 performance are summarized in the table below.

Named Executive Officer	Base Salary as of 12/31/2025	Bonus Target (as a % of Base Salary)	Annual Incentive Bonus Award for 2025 Performance
Bobby D. Riley	\$675,000	100%	\$1,147,000
Philip Riley	\$484,000	80%	\$658,000
Corey Riley	\$434,000	80%	\$590,000
John Suter	\$438,000	80%	\$595,000
Jeffrey Gutman	\$371,000	70%	\$504,000 ⁽¹⁾

(1) The Compensation Committee exercised its discretion to grant Mr. Gutman an additional special cash bonus for 2025 equal to \$63,000, which represents the difference between (i) a payout at the 70% of base salary bonus target and (ii) the amount that would have been payable had his 2025 target bonus been 80% of base salary which is commensurate with the NEOs other than the Chief Executive Officer.

Annual Equity Awards

The long-term incentive component of our executive compensation program comprises a substantial majority of our NEOs’ compensation, linking a significant portion of our NEOs’ compensation to our stock price performance. In 2025, we introduced performance-based restricted stock awards into the annual long-term incentive award mix and delivered 2025 annual equity awards in the following mix:

- Performance-based restricted stock awards (30% weighting)
- Time-based restricted stock awards (70% weighting)

Initially, performance-based restricted stock awards represent 30% of target annual equity award value and may be earned based on the Company’s achievement of TSR relative to a TSR performance peer group during the applicable three-year performance period. Payouts for the Named Executive Officers can range from 0% to 200% of target.

Effective for 2026 annual equity awards, performance-based restricted stock awards will represent 35% of the target annual equity award value for our NEOs.

The table below summarizes the awards granted to each NEO on March 24, 2025.

Named Executive Officer	Base Salary as of 12/31/2025	LTI Target as % of Base Salary	Performance-based Restricted Stock (1)	Time-based Restricted Stock
Bobby D. Riley	\$675,000	475%	33,679	78,584
Philip Riley	\$484,000	300%	15,252	35,588
Corey Riley	\$434,000	300%	13,676	31,911
John Suter	\$438,000	300%	13,802	32,205
Jeffrey Gutman	\$371,000	200%	7,794	18,186

The number of shares granted was based on a 20-day VWAP of the Company’s stock price.

- (1) Performance-based restricted stock awards are presented at target (100%) payout levels. Actual payouts may range from 0% to 200% of target, based on performance, and the number of shares ultimately earned may differ from the amounts shown above.

Performance-Based Restricted Stock Awards

Performance-based restricted stock awards are designed to reward our NEOs based on our three-year relative TSR performance versus a performance group of peer companies, including the SPDR S&P Oil & Gas Exploration & Production ETF (the “XOP Index”, and combined with the peer companies, the “TSR Peer Group”). Performance-based restricted stock awards cliff-vest after three years. Awards are subject to the payout scale below:

Riley’s TSR Percentile Rank	Payout Factor
75 th Percentile or Above	200%
50 th Percentile	100%
25 th Percentile	50%
Below 25 th Percentile	0%

Payouts for performance between the achievement levels noted above will be calculated using linear interpolation.

TSR Peer Group			
Amplify Energy Corp.	Granite Ridge Resources, Inc.	Talos Energy Inc.	XOP Index
Berry Corporation	HighPeak Energy, Inc.	Vital Energy, Inc.	
Crescent Energy Co.	Magnolia Oil & Gas Corp.	Vitesse Energy Inc.	
Evolution Petroleum Corp.	Ring Energy, Inc.	W&T Offshore Inc.	

In 2026, the Compensation Committee approved changes to the TSR Peer Group for 2026 awards to reflect continued industry consolidation and peer company fit relative to the TSR Peer Group criteria:

- Removed Berry Corporation and Vital Energy, Inc. (both of which were acquired during 2025)
- Added Northern Oil & Gas, Inc., Mach Natural Resources LP, and TXO Partners, L.P.

Additionally for 2026 awards, the Compensation Committee introduced an absolute TSR modifier. While relative TSR performance will continue to determine the initial payout, if annualized absolute TSR is less than or equal to 0%, payout will be capped at 150%, and if annualized absolute TSR is equal to or greater than 10%, payout will not be reduced below 50%. The Compensation Committee determined that incorporating an absolute TSR modifier would further align realizable pay with shareholder experience and strengthen the pay-for-performance orientation of the program.

Time-Based Restricted Stock Awards

Time-based restricted stock awards are an important component of our annual equity awards because they enhance the retention of our NEOs while maintaining alignment with the interests of our stockholders. Time-based restricted stock awards represented 70% of target annual equity award value for our NEOs in 2025, and these awards vest ratably over three years.

Dividends on both performance- and time-based restricted stock awards are accrued and paid at the expiration of the vesting period or forfeited if the award is forfeited.

Grant Practices Regarding Equity

The Compensation Committee approves and grants annual equity awards in the spring each year. In certain circumstances, including the hiring or promotion of an officer, the Compensation Committee may approve grants to be effective at other times. The Compensation Committee does not take material nonpublic information into account when determining the timing and terms of equity awards. Instead, the timing of grants is in accordance with the yearly compensation cycle, with awards granted at the start of the new fiscal year to incentivize delivering on the Company's strategic objectives for the new fiscal year. The Company has not timed the disclosure of material nonpublic information to affect the value of compensation. Any coordination between a grant and the release of information that could be expected to affect such grant's value is precluded by the predetermined schedule. We do not currently grant stock options as part of our equity compensation programs. If stock options were to be granted in the future to employees, including executive officers, or non-employee directors, the Company would not grant such options in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common shares. In addition, we generally do not grant stock options (i) during trading blackout periods established under our insider trading policy, or (ii) at any time during the four business days prior to or the one business day following the filing of our periodic reports or the filing or furnishing of a Form 8-K that discloses material nonpublic information. These restrictions do not apply to other types of equity awards that do not include an exercise price related to the market price of our common shares on the date of grant.

During fiscal year 2025, (i) none of our NEOs were awarded stock options with an effective grant date during any period beginning four business days before the filing or furnishing of a Form 10-Q, Form 10-K, or Form 8-K that disclosed material nonpublic information, and ending one business day after the filing or furnishing of such reports, and (ii) we did not time the disclosure of material nonpublic information for the purpose of affecting the value of executive compensation.

Effect of Our Compensation Policies and Practices on Risk Management

The Compensation Committee reviews the relationship between our risk management policies and compensation policies and practices each year. With respect to the 2025 year, the Compensation Committee concluded that we do not have any compensation policies or practices that expose us to excessive or unnecessary risks that are reasonably likely to have a material adverse effect on us. In its review, the Compensation Committee considered the following design features, in addition to others, which mitigate excessive risk-taking: (1) multiple performance measures in the annual incentive plan, (2) balance of short- and long-term compensation components, (3) the Committee's role in approving performance measures and ultimately determining incentive payouts, and (4) caps on incentive award payouts.

Other Compensation Matters

Tax and Accounting Considerations

In setting the components of our executive compensation program, our Board and the Compensation Committee consider the impact of the following tax and accounting provisions:

Code Section 162(m). Prior to January 1, 2018, Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) generally disallowed a tax deduction by public companies for compensation over \$1 million paid individually to covered employees, as defined in the Code. Qualifying performance-based compensation was not subject to the deduction limit if certain requirements were met. The Tax Cuts and Jobs Act of 2017 (the “TCJA”) eliminated the qualified performance-based compensation exception to the \$1 million annual deduction limit and made certain other changes that expand the pool of covered employees, in each case for tax years beginning on or after January 1, 2018. Tax deductibility is only one factor considered by the Committee in making compensation decisions that are in the best interest of the Company and our stockholders.

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 718, “Stock Compensation” (“ASC Topic 718”). ASC Topic 718 requires a public company to measure the cost of employee services received in exchange for an award of equity based on the grant date fair value of the award. Our equity awards to our Named Executive Officers (and to our other employees) generally qualify for equity classification.

Code Section 409A. Section 409A of the Code provides that deferrals of compensation under a nonqualified deferred compensation plan or arrangement are to be included in an individual’s current gross income to the extent that such deferrals are not subject to a substantial risk of forfeiture and have not previously been included in the individual’s gross income, unless certain requirements are met. We structure our equity compensation plans and agreements, change of control agreements, severance plans and agreements and other incentive plans and agreements, each to the extent they are subject to Section 409A, to be in compliance with Section 409A. We do not currently grant any discounted stock appreciation rights (“SARs”) to which Section 409A may apply.

Code Sections 280G and 4999. The change of control agreements in effect for our executive officers provide that, upon a change of control, we will either (i) reduce the amount of severance benefits otherwise payable to the executive officer so that such severance benefits will not be subject to excise tax for purposes of Code Sections 280G and 4999 or (ii) pay the full amount of severance benefits to the executive officer (but with no tax “gross-up”), whichever produces the better after-tax result for the executive officer (often referred to as the “best-of-net” approach).

Policies Regarding Stock Transactions

Insider Trading Policy

Under the Company’s Insider Trading Policy, directors, officers, employees, and their family members are prohibited from trading in the Company’s stock when in possession of material, non-public information about the Company. In addition to our Insider Trading Policy, all transactions involving the Company’s stock must comply with the Company’s Code of Business Conduct and Ethics and applicable law, including the public reporting provisions of Section 16 of the Exchange Act.

Clawback Policy

Effective as of December 1, 2023, the Company adopted a Clawback Policy in accordance with Rule 10D-1, NYSE American adopted Section 811 of the Company Guide (referred to herein as the “[Rule 10D-1 Clawback Policy](#)”). The Rule 10D-1 Clawback Policy provides that, in the event the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the federal securities laws, the Company will recover (on a pre-tax basis) the amount of incentive-based compensation received by its current and former executive officers in excess of the amount of incentive-based compensation that would have been received had it been determined based on the restated amount, subject to limited exceptions.

Anti-Hedging Policy Statement

The Company’s Insider Trading Policy also prohibits executive officers, directors and other employees from purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars and exchange funds) or otherwise engaging in transactions that are designed to, or have the effect of, hedging or offsetting any decrease in the market value of the Company’s securities.

Pledging of Shares

The Company does not have a policy prohibiting our executive officers and directors from pledging fully vested shares granted under the Company’s long term incentive plan adopted in 2021 and amended and restated in 2023 as collateral for personal loans. The Company’s policy to provide the ability of our executive officers and directors to pledge their shares is inherently related to the Company’s compensation structure, which includes equity awards under our LTIP as a significant component of total compensation. We believe equity awards are an important tool to promote long-term retention of our executive officers. Moreover, providing these individuals flexibility in financial planning without having to rely on the sale of their shares aligns their interests with those of our stockholders by increasing compensation as stockholder value increases.

In order to mitigate the risk of possible forced sales of pledged shares, the LTIP prohibits the pledging of any shares of restricted stock granted to our directors and executive officers. We believe that this restriction is an effective means to limit the maximum aggregate loan amount collateralized by such pledged stock. We have confirmed that each of our directors and executive officers who have pledged stock are and have been compliant with this policy since our last confirmation.

See “Security Ownership of Certain Beneficial Owners and Management” below for information regarding any shares pledged by our directors or executive officers; however, such pledging does not indicate the extent to which there may be actual borrowings against such shares as of such date.

Stock Ownership Guidelines

In April 2025, based on recommendations from the Compensation Committee in consultation with Meridian, our Board adopted stock ownership guidelines for our executive officers and non-employee directors who receive an annual cash retainer. We believe the stock ownership guidelines further align the interests of our executive officers and non-employee directors with the interests of our stockholders with respect to the Company’s long-term growth and success. The specified stock ownership levels are based on a multiple of base salary or annual cash retainer (as the case may be), as shown in the table below. After becoming subject to the stock ownership guidelines, the executive officers or non-employee directors have five years to come into compliance with the stock ownership guidelines. Until an executive officer or non-employee director meets these guidelines, he or she is expected to retain at least fifty-percent (50%) of the net shares awarded to him or her under the LTIP. Once the guidelines are met, restrictions on the sale of shares of our Common Stock received upon the vesting of equity awards are limited to normal trading restrictions for insiders and Company policies.

The following holdings count towards compliance with our stock ownership guidelines:

- Shares acquired via open market purchase or held outright
- Vested and unvested restricted stock and restricted stock units
- Shares held under qualified benefit plans or non-qualified deferred compensation plans

Position	Required Stock Ownership Level (Multiple of Base Salary or Annual Cash Retainer)
Chief Executive Officer	5x
Other Executive Officers	3x
Non-Employee Directors	5x

Employment, Severance or Change in Control Agreements

Each of the Named Executive Officers are party to an employment agreement with the Company. The following description is intended as a summary of the employment agreements. The initial term of the employment agreements is three years, each with automatic annual renewals thereafter. Each of these employment agreements sets forth the initial terms and conditions of employment of each Named Executive Officer, including base salary, annual cash bonus opportunity, annual equity award opportunity, standard employee benefit plan participation, severance and change in control benefits. Each employment agreement also includes certain restrictive covenants that (i) will subject the executives to any “clawback” or similar policy hereafter adopted by the Company to comply with applicable law, including the Rule 10D-1 Clawback Policy (as defined below), (ii) prohibit the executives from disclosing information that is confidential to the Company and (iii) prohibit the executives in certain circumstances from competing with our Company or soliciting any employees of our Company for a specified period following termination of their employment.

The employment agreements also provide each of our Named Executive Officers severance compensation in connection with certain triggering events relating to a change in control of our Company and/or termination of employment. We believe these arrangements mitigate a potential disincentive for our Named Executive Officers when they are evaluating a potential acquisition of the Company, particularly when their services may not be required by the acquiring entity. In such a situation, we believe that these arrangements are necessary to encourage retention of our Named Executive Officers through the conclusion of the transaction, and to ensure a smooth management transition. We believe that the level of benefits provided under these agreements is reasonable relative to market practice and helps us to attract and retain key talent. Change in control cash payments and benefits for our Named Executive Officers are based on a “double-trigger” arrangement (that is, they require both a change in control of the Company plus a qualifying termination of employment before payments and benefits are paid). We have provided more information about these benefits below under “*Potential Payments upon Termination or Change in Control.*”

Nonqualified Deferred Compensation

The Company did not maintain any nonqualified deferred compensation plans or arrangements as of December 31, 2025.

Potential Payments upon Termination or Change in Control***Change in Control and Severance Provisions***

We have entered into employment agreements with each of our Named Executive Officers that contain change in control and severance provisions entitling those individuals to certain payments under specified circumstances. In connection with a change in control (or within six months after a change in control), if the executive's employment is terminated by the Company without "cause" or by the executive for "good reason" (in each case, as defined in his employment agreement) the executive will be entitled to receive a cash payment equal to (i) 200% of the executive's base salary then in effect, (ii) 200% of the executive's annual incentive bonus received for the preceding year, and (iii) six months of COBRA premiums to continue his existing group health and dental coverage. Subsequent to the year ended December 31, 2025, we entered into an amendment to the employment with Bobby D. Riley that increases his entitlement to a cash payment equal to (i) 300% of the executive's base salary then in effect, (ii) 300% of the executive's annual incentive bonus received for the preceding year, and (iii) six months of COBRA premiums to continue his existing group health and dental coverage.

These agreements also provide that absent a change in control, if his employment is terminated by the Company without cause or by him for good reason each executive would be entitled to (i) a cash payment equal to one times the sum of the executive's base salary then in effect plus the executive's annual incentive bonus received for the preceding year, and (ii) reimbursement of six months of certain COBRA premiums to continue his existing group health and dental coverage. The foregoing notwithstanding, in such an event, the cash payment to Bobby D. Riley would be two times the sum of his base salary then in effect plus the annual incentive bonus he received for the preceding year. These agreements further contain parachute payment limitations whereby payments payable to an executive may be reduced if doing so would put the executive in a more advantageous after-tax provision than if payments were not reduced and the executive became subject to excise taxes under Section 4999 of the Code.

Equity Award Agreements

The award agreements governing the Named Executive Officers' equity awards also contain provisions that would govern accelerated vesting in connection with a change in control, in which case 100% of time-based restricted stock awards would vest upon a change in control. The time-based restricted stock grant agreements also provide for the accelerated vesting of a certain number of shares of restricted stock in the event of a termination of employment without cause, for good reason or due to death or disability (as such terms are defined in an applicable award agreement with the participant). The award agreements governing the Named Executive Officers' performance-based restricted stock provide that if the NEO's employment is terminated by the Company without cause or by the NEO for good reason (as such terms are defined in the applicable award agreement) on or before the six-month anniversary of a change in control, or if the restricted shares are not assumed by the surviving or successor entity or its parent on identical terms, the NEO will be deemed to have earned and vested in a number of shares equal to the greater of the Target award, or the number of shares that would have been earned if the last day of the performance period had been the effective date of the change in control. If the NEO's employment is terminated by the Company without cause or by the NEO for good reason prior to the end of the performance period, then, a pro-rated portion of the earned shares will become vested based on and to the extent to which the Company has satisfied the performance goals, and the number of months the NEO was employed during the performance period.

Estimated Payments to Named Executive Officers

The compensation amounts included in the table below are estimates of the amounts that would have become payable to each Named Executive Officer under the various triggering events described in the foregoing provisions, assuming in each case that the applicable event (whether a change-in-control and/or a termination of employment) occurred on the last business day of 2025.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information regarding the ratio of total annual compensation for Bobby D. Riley, our Chief Executive Officer, to the median of the annual total compensation of all our employees (other than the Chief Executive Officer) (the “CEO Pay Ratio”). For 2025:

- Total annual compensation for Bobby D. Riley: \$5,782,259
- Median annual total compensation of all employees (other than Chief Executive Officer): \$193,097
- Ratio of the annual total compensation of the Chief Executive Officer to the median of the annual total compensation of all employees (other than the Chief Executive Officer): 30:1

In determining the median employee, we chose December 31, 2025 as the date to identify our median employee, and we identified our median employee using a consistently applied compensation measure which included total gross payroll wages received in 2025. Our total employee population as of December 31, 2025 was approximately 110. After we identified our median employee, we measured the annual total compensation under SEC rules using: base salary earned in 2025, annual cash bonus earned for the 2025 performance year, the grant date value of any equity awards he or she received in 2025, and the 401(k) match provided by the Company in 2025, in each case, to the extent applicable. Pay was annualized for permanent employees not employed for a full year in 2025. Ten employees joining the Company as a result of our acquisition of Silverback Exploration II, LLC during 2025 were excluded from the determination of the median employee. We calculated Bobby D. Riley’s annual total compensation, as reflected in the “Total” column of the Summary Compensation Table.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above.

- (4) Total Shareholder Return compares the cumulative total shareholder return on Riley Permian’s common stock over a five fiscal-year period plus the three months ending December 31, 2021 assuming \$100 was invested on September 30, 2020, our fiscal year-end in effect prior to the 2021 fiscal year-end change.
- (5) Value represents the Total Shareholder Return of the SPDR Oil and Gas Exploration & Production ETF (“XOP”) based on an initial \$100 investment, measured on a cumulative basis from the market close on September 30, 2020, our fiscal year-end in effect prior to the 2021 fiscal year-end change, over a five fiscal-year period plus the 3 months ending December 31, 2021. TSR calculations reflect reinvestment of dividends. The XOP is the peer group used by REPX for purposes of Item 201(e) of Regulation S-K under the Exchange Act in REPX’s Annual Report on Form 10-K for the year ended December 31, 2025.
- (6) Upstream Free Cash Flow is used as the Company-Selected Measure because it reflects the Company’s ability to generate cash from operations after capital expenditures, which is critical to sustaining and growing the business. Management believes FCF is a key indicator of financial performance as it drives the Company’s capacity to reduce debt, return capital to shareholders, and fund disciplined reinvestment. As such, FCF aligns executive compensation with the Company’s focus on capital efficiency, operational performance, and long-term shareholder value creation.

Relationship Between CAP and Total Shareholder Return and Between CAP and Index Total Shareholder Return

Total Shareholder Return increased nearly 270% from the beginning of the measurement period through year-end of 2025, while the Index Total Shareholder Return increased approximately 300%. The CAP for the PEO and for the average of the Non-PEO Named Executive Officers fluctuated from 2021 through 2025, with the 2025 CAP increasing approximately 35% for the PEO and 39% for the Non-PEO officers over 2021 CAP.

Relationship Between CAP and Net Income

Net income for the Company increased from 2021 to 2025, with 2025 representing the highest net income over the period and an approximate 443% increase over 2021 net income (using the absolute value methodology for 2021 net income, which was negative). Over the same period, the CAP for the PEO and for the average of the Non-PEO Named Executive Officers fluctuated from 2021 through 2025, with the 2025 CAP increasing approximately 35% for the PEO and 39% for the Non-PEO officers over 2021 CAP. In addition to Net Income, the Committee considers a mix of performance measures throughout its annual and long-term incentive programs to align executive pay with Company performance.

Relationship Between CAP and Upstream Free Cash Flow

Upstream cash flow for the Company increased from 2021 to 2025, with 2025 representing an approximate 439% increase over 2021 Upstream free cash flow. Over the same period, the CAP for the PEO and for the average of the Non-PEO Named Executive Officers fluctuated from 2021 through 2025, with the 2025 CAP increasing approximately 35% for the PEO and 39% for the Non-PEO officers over 2021 CAP. In addition to Upstream cash flow, the Committee considers a mix of performance measures throughout its annual and long-term incentive programs to align executive pay with Company performance.

Performance Measures

As described in greater detail above under “Compensation Discussion and Analysis”, the Company’s compensation program has a pay-for-performance philosophy. The most important financial and non-financial performance measures that the Company uses to link our NEO compensation to the Company’s performance are:

- Upstream Free Cash Flow
- Lease Operation Expenses + General & Administrative Expenses (Non-Stock)
- Daily oil production
- Total recordable incident rate
- Total fluid spill intensity rate
- Gas flare intensity rate
- Total Shareholder Return

Arriaga, Nordberg, and Saadati and Ms. Bayless, each a non-employee director, were entitled annually to a \$120,000 cash retainer and up to \$200,000 in restricted stock, subject to a one-year vesting period, adjusted for partial periods of service. Ms. di Santo and Mr. Lawrence, our other non-employee directors, are not compensated for their service on our Board.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures

The Company has adopted policies and procedures for the review, approval, and ratification of “related person” transactions as defined under SEC Rules and regulations. Our Audit Committee Charter requires management to inform the Audit Committee of all related person transactions as defined under Item 404 of Regulation S-K. Examples of the type of transactions the Audit Committee reviews include payments made by the Company directly to a related person (other than in his or her capacity as a director or employee), or to an entity in which the related person serves as an officer, director, employee or owner, and any other transaction where a potential conflict of interest exists. In order to identify any such transactions, among other measures, the Company requires its directors and officers to complete questionnaires identifying transactions with any company in which the officer or director or their family members may have an interest. In addition, our code of ethics requires that the Board or its authorized committee review and approve or ratify any related person transaction.

Although our management believes that the terms of the related party transactions described below are reasonable, it is possible that we could have negotiated more favorable terms for such transactions with unrelated third parties.

Related Party Transactions

RPC Power

RPC Power LLC (“RPC Power”) is our power-focused joint venture with Conduit Power LLC, in which we have 50% ownership. The Company is involved in two current projects with RPC Power.

In January 2023 and subsequently amended in June 2024, the Company entered into a 10-year agreement with RPC Power, which provides for the conversion of specified quantities of the Company’s produced natural gas to electricity to power a portion of our oilfield operations in our Champions field (“Tolling Agreement”). The Company also entered into a 10-year agreement (“Asset Optimization Agreement”) in January 2023 that requires RPC Power to provide operational expertise on the implementation and management of the power generating assets subject to the A&R Tolling Agreement for a monthly fee of \$20 thousand.

In May 2024, the Company entered into the Second Amended and Restated Limited Liability Company Agreement (“A&R LLC Agreement”) to expand the scope of our joint venture to include the constructing, owning and operating of additional new power generation assets, for the sale of electricity to ERCOT (“Merchant Deal”). In connection with the A&R LLC Agreement, the Company entered into a 10-year natural gas supply agreement (“Supply Agreement”) with RPC Merchant LLC, a wholly owned subsidiary of RPC Power (“RPC Merchant”), to supply natural gas to fuel the natural gas generators under the Merchant Deal. The Company’s commitment under the Supply Agreement is contingent upon project start-up which is expected to commence in 2026.

As of December 31, 2025, the Company had invested \$39.5 million and incurred lease operating expenses from RPC Power of approximately \$7.7 million.

Viking Sale

On November 21, 2025, the Company sold our interest in oil and natural gas properties in Texas outside of the Company’s core acreage in the Champions field (the “Viking Sale”), which had a net carrying value of \$10.4 million to an affiliate of Combo Resources, LLC. The properties consisted of six established units in Lee and Fayette Counties, Texas, which were jointly developed by the Company and Combo. In exchange for the Company’s interest in these assets, we received and subsequently retired 250,000 shares of the Company’s common stock.

Combo is a portfolio company of Yorktown Energy Partners XI, L.P. (“Yorktown XI”), certain managed funds of which have investments in the Company (all deemed to be related parties).

Aircraft Charter

In certain instances, business requires our employees to charter privately owned aircraft in furtherance of our business, including accessing remote areas of our field operation. The Company arranges travel through a charter company, which also manages an aircraft in which our Chief Executive Officer holds a time-sharing agreement for a private aircraft. The Company from time to time will use the aircraft in which our Chief Executive Officer has the time-sharing agreement in place as the fees for this aircraft are less than others offered by the charter company. We pay fees incurred for flights directly to the charter company that manages the planes. During the year ended December 31, 2025, we paid the charter company \$0.2 million for flights chartered by our employees.

Other Affiliate Matters

Our director, Beth A. di Santo serves as General Counsel for the Company pursuant an engagement letter with di Santo Law PLLC, a law firm owned by Ms. di Santo. Legal fees incurred by the Company to di Santo Law, PLLC during the Company’s year ended December 31, 2025 were \$2.2 million.

In February 2021, the Company and di Santo Law PLLC entered into an annual engagement letter that provides a monthly fixed fee in exchange for Ms. di Santo serving as General Counsel, as well as other legal services billed at hourly rates for certain corporate transactions. The engagement letter is subject to annual review and approval by the Board or the Compensation Committee.

On April 1, 2026, the Compensation Committee approved a renewal of the engagement letter with di Santo Law, PLLC that provides for a monthly cash payment of \$70,000 and a one-time grant of an aggregate of 16,100 shares of restricted stock (or approximately \$593,124 based on the closing price of the Company’s common stock on April 1, 2026), subject to a one-year vesting period from January 1, 2026 (of which 12,500 shares of restricted stock will be awarded to Ms. di Santo).

Familial Relationships

There is a family relationship between Bobby D. Riley, the Company's Chairman of the Board of Directors and Chief Executive Officer and the Company's Chief Information Officer and Chief Compliance Officer, Corey Riley, as father and son. There is no family relationship between Philip Riley and Bobby D. Riley or Corey Riley. There are no arrangements or understandings between any of our executive officers and any other person pursuant to which any person was selected as an executive officer.

Involvement in Certain Legal Proceedings

To the knowledge of management, no present director, executive officer or affiliate of the Company or owner of record or beneficially of more than 5% of the Company's Common Stock is a party adverse to the Company or has a material interest adverse to the Company in any proceeding.

To the knowledge of management, during the past ten years, no director, executive officer or person nominated to become a director or an executive officer of the Company has been a party adverse to the Company or had a material interest adverse to the Company in any proceeding.

Except as set forth above, there are no transactions or proposed transactions, to which the Company is a party, or intended to be a party, in which any other director has, or will have, a material interest subject to disclosure under Item 404(a) of Regulation S-K, nor are there legal proceedings in which any director, director nominee or executive officer have been involved in the last ten years for which disclosure is required under Item 401(f) of Regulation S-K. None of the directors were appointed as pursuant to any arrangement or understanding with any other person.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF BDO USA, P.C.

With authority granted by our Board, the Audit Committee has appointed BDO USA, P.C. as our independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2026. BDO USA, P.C. has served as the Company's independent registered public accounting firm since April 2019 and as REP LLC's independent registered public accounting firm since 2016. Although stockholder ratification of the selection of BDO USA, P.C. is not required, the Audit Committee and our Board consider it desirable for our stockholders to vote upon this selection. If the selection is not ratified, the Audit Committee may continue to retain BDO USA, P.C. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interests of our stockholders and us.

Representatives from BDO USA, P.C. are expected to be present at the Annual Meeting. These representatives will have the opportunity to make a statement if they so desire, and they are expected to be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following is a summary of the fees associated with audit and other professional services provided to us by BDO USA, P.C. for the years ended December 31, 2025, 2024 and 2023.

Audit Fee (1)	\$ 909,928	\$ 872,622	\$ 901,462
Audit Related Fees (2)	\$ 155,392	\$ -	\$ 293,530
Tax Fees	\$ -	\$ -	\$ -
Other Fees	\$ -	\$ -	\$ -
Total	\$ 1,065,320	\$ 872,622	\$ 1,194,992

- (1) Audit fees are for audit services, including the integrated audit of our consolidated financial statements and internal control over financial reporting, quarterly reviews, registration statements, comfort letters, statutory and regulatory audits, and accounting consultations.
- (2) Audit related fees represent fees associated with acquired business combinations in Fiscal Years 2025 and 2023 required pursuant to Regulation S-X, Rule 3-05.

All of the fiscal year 2025, 2024 and 2023 services described above were approved by the Audit Committee pursuant to the SEC rule that requires Audit Committee pre-approval of audit and non-audit services provided by the Company's independent auditors. The Audit Committee considered whether the provisions of such services, including non-audit services, by BDO USA, P.C. were compatible with maintaining its independence and concluded they were.

Vote Required and Board Recommendation

The ratification of the appointment of BDO USA, P.C. as our independent registered public accounting firm for the year ending December 31, 2026 requires the affirmative vote of a majority of the voting power of the outstanding shares of Common Stock present or represented by proxy at the Annual Meeting and entitled to vote on this proposal. Abstentions will have the same effect as a vote against this proposal. The Company believes NYSE rules permit brokers to vote uninstructed shares at their discretion on this proposal, so broker non-votes are not expected.

- ✓ Our Board unanimously recommends that you vote **"FOR"** the ratification of BDO USA, P.C. as our independent registered public accounting firm.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2025 with management, our internal auditors, and BDO USA, P.C., the Company's independent registered public accounting firm ("**BDO**"). In addition, the Audit Committee has discussed with BDO the matters required to be discussed under Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 1301, *Communications with Audit Committees* ("**AS 1301**"). The Sarbanes-Oxley Act of 2002 ("**SOX**") requires certifications by the Company's chief executive officer and chief financial officer in certain of the Company's filings with the Securities and Exchange Commission ("**SEC**"). The Audit Committee discussed the review of the Company's reporting and internal controls undertaken in connection with these certifications with the Company's management and BDO. The Audit Committee also reviewed and discussed with the Company's management their report on internal control over financial reporting in accordance with Section 404 of SOX. The Audit Committee has further periodically reviewed such other matters as it deemed appropriate, including other provisions of SOX and rules adopted or proposed to be adopted by the SEC and the NYSE American.

The Audit Committee also has received the written communications from BDO regarding the auditor's independence pursuant to the applicable requirements of the PCAOB Ethics and Independence Rule 3526, and it has reviewed, evaluated and discussed the written disclosures with BDO and its independence from the Company. The Audit Committee also has discussed with the Company's management and BDO such other matters and received such assurances from them as it deemed appropriate.

Based on the foregoing review and discussions and relying thereon, the Audit Committee recommended to the Company's Board of Directors the inclusion of the Company's audited financial statements for the year ended December 31, 2025 in the Company's Annual Report on Form 10-K for such year filed with the SEC.

THE AUDIT COMMITTEE,

Brent Arriaga (Chairperson)
E. Wayne Nordberg
Rebecca L. Bayless

PROPOSAL 3: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

As required by Section 14A of the Exchange Act, stockholders are entitled to a non-binding vote on the compensation of our Named Executive Officers (sometimes referred to as “say on pay”). Accordingly, you are being asked to vote on the following resolution at the Annual Meeting:

“Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company’s Named Executive Officers as disclosed, pursuant to Item 402 of Regulation S-K, including the applicable compensation tables, and the related narrative disclosure in this Proxy Statement.”

As described in this Proxy Statement under “*Executive Compensation*,” our compensation programs are designed to:

- attract and retain highly qualified executives;
- motivate our executives to maximize stockholder return;
- maintain an appropriate balance between cash and non-cash compensation; and
- cause a significant portion of our NEOs’ compensation to be incentive based to emphasize a pay-for-performance philosophy.

We believe that our compensation program, with its balance of base salary, short-term incentives (annual cash incentive awards), long-term incentives (including both time-based and performance-based restricted stock and restricted stock unit awards), rewards sustained performance that is aligned with long-term stockholder interests. Stockholders are encouraged to read the Executive Compensation section, including the Compensation Discussion and Analysis, the applicable compensation tables and the related narrative disclosures contained in this Proxy Statement.

This vote is non-binding. The Board of Directors and the Compensation Committee, which is comprised solely of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions. We currently hold advisory votes to approve our named executive officer compensation every year and expect our next vote to be held at our 2027 Annual Meeting.

Vote Required and Board Recommendation

The approval by a non-binding vote of our Named Executive Officer compensation requires the affirmative vote of a majority of the voting power of the outstanding shares of Common Stock present or represented by proxy at the Annual Meeting and entitled to vote on this proposal. Abstentions will have the same effect as a vote against this proposal. Broker non-votes have no effect on the outcome of the vote.

- ✓ Our Board unanimously recommends that you vote “**FOR**” the approval of the compensation of our Named Executive Officers as disclosed in this Proxy Statement pursuant to the applicable compensation disclosure rules of the SEC.

PROPOSAL 4: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE RILEY EXPLORATION PERMIAN, INC. 2021 LONG TERM INCENTIVE PLAN

The Board has unanimously approved the amendment and restatement of the Riley Exploration Permian, Inc. 2021 Incentive Plan (as amended and restated to date, the “[2021 LTIP](#)”), subject to stockholder approval at the Annual Meeting, and recommends that the Company’s stockholders approve and adopt the second amendment and restatement of the 2021 LTIP (the “[A&R LTIP](#)”). The A&R LTIP would amend the 2021 LTIP to reserve an additional 2,800,000 shares for issuance pursuant to awards under the A&R LTIP, which is in addition to the previously authorized 2,337,022 shares, of which approximately 163,210 shares as of April 6, 2026 remain available for grant pursuant to the 2021 LTIP, assuming all future grants will be full value stock awards. If our stockholders approve the A&R LTIP, shares that would otherwise become available for issuance under the 2021 LTIP as a result of forfeitures, expiration, or cancellation of previously made awards may become available for issuance under the A&R LTIP.

Reasons and Principal Effects of the Proposal

The A&R LTIP is needed to continue our equity compensation program. As of April 6, 2026, there were 163,210 shares of common stock remaining available for grant under the 2021 LTIP assuming all future grants will be full value stock awards. Any previously granted awards that are outstanding under the 2021 LTIP will remain outstanding in accordance with their terms. As of April 6, 2026, an aggregate of 778,001 shares are subject to unvested restricted stock awards. See also “Executive Compensation” above for additional information concerning our equity compensation plans.

If the A&R LTIP is not approved by the stockholders, we will not be able to continue our equity-based long term incentive program, and we may be required to significantly increase the cash component of our executive compensation program in the near future to remain competitive and adequately compensate our employees.

The Company considers the A&R LTIP an essential element of total compensation and believes the A&R LTIP promotes its interests and the interests of its stockholders by:

- attracting and retaining the services of key employees, qualified directors, and qualified independent contractors; and
- encouraging the sense of proprietorship in and stimulating the active interest of those persons in the development and financial success of the Company by making awards designed to provide participants in the A&R LTIP with proprietary interest in the growth and performance of the Company.

Stockholder approval of the A&R LTIP will also constitute approval for purposes of satisfying the stockholder approval requirements under Section 422 of the Code so that the Compensation Committee may grant incentive stock options, or ISOs.

Considerations for Approval of the A&R LTIP

In determining the number of shares of common stock to request for approval to reserve for issuance under the A&R LTIP, our management team and the Board worked with Meridian Compensation Partners to evaluate a number of factors, including our recent share usage under the 2021 LTIP, anticipated share usage under the A&R LTIP, and peer group analysis in evaluating our proposal for the A&R LTIP. Specifically, our management team and Board considered the following:

Burn Rate. Equity burn rate is calculated by dividing (i) the number of shares of common stock subject to equity awards granted during the fiscal year (after taking into account adjustments to performance-based awards for actual performance) by (ii) the number of shares outstanding at the end of the fiscal year.

Our burn rate for the past three fiscal years has been as follows:

Fiscal Year	Stock Options or SARs Granted	Total Number of Full Value Awards Granted		Stock Options + Full Value Awards	Weighted Average Basic Number of Shares of Common Stock Outstanding	Burn Rate
		Time-based Restricted Stock Awards Granted	Performance-based Restricted Stock Awards Granted			
2025	0	413,554	149,039	562,593	21,134,000	2.7%
2024	0	183,605	0	183,605	20,712,000	0.9%
2023	0	346,869	0	346,869	19,705,000	1.8%

The Board believes that we have used equity in a reasonable manner, with a three-year average burn rate of approximately 1.8% of our common shares outstanding.

Expected Share Pool Duration. Based on our historic and projected future use of equity-based compensation, we estimate that the shares requested under the A&R LTIP will be sufficient to provide awards for approximately 3 years. However, the actual duration of the shares reserve will depend on currently unknown factors, such as the Company’s future stock price, changes in participation, our hiring and promotion activity, future grant practices, award type mix and levels, competitive market practices, acquisitions and divestitures, and the rate of returned shares due to forfeitures, the need to attract, retain and incentivize key talent, and how the Company chooses to balance total compensation between cash and equity-based awards.

Total Potential Dilution. Our equity plan dilution rate (or overhang) as of April 6, 2026 was 4.3% (calculated by dividing (1) the number of shares subject to awards outstanding plus the number of shares remaining available for grant under the 2021 LTIP, by (2) the total number of common shares outstanding). As of April 6, 2026, the shares remaining available under the 2021 LTIP and shares subject to outstanding awards represented 0.8% and 3.6% of our current overhang, respectively. If shareholders approve the A&R LTIP, the issuance of 2,800,000 shares under the A&R LTIP would increase our total potential dilution rate by 12.9% to 17.2%

Total number of shares of common stock outstanding as of April 6, 2026	21,698,376

Summary of the Amended and Restated Long Term Incentive Plan

The following summary of the A&R LTIP set forth herein is qualified in its entirety by the actual terms of the A&R LTIP, which is attached as Annex B to this Proxy Statement.

Awards

The A&R LTIP will provide for potential grants of: (i) incentive stock options qualified as such under U.S. federal income tax laws (“ISOs”); (ii) stock options that do not qualify as incentive stock options; (iii) stock appreciation rights, or SARs; (iv) restricted stock awards; (v) restricted stock units, or RSUs; (vi) stock awards; (vii) performance awards; (viii) dividend equivalents; (ix) other stock-based awards; (x) cash awards; and (xi) substitute awards, all of which (i) through (xi) are referred to collectively herein as the “Awards.”

Eligibility

The Company’s employees, consultants, and non-employee directors, and employees, consultants, and non-employee directors of the Company’s affiliates, will be eligible to receive the Awards under the A&R LTIP. As of April 6, 2026, there were approximately 92 individuals, including Company employees, consultants and non-employee directors of the Company, that would potentially be eligible to participate in the A&R LTIP.

Administration

The Compensation Committee of our Board, or such other committee as determined by the Board (as applicable, referred to as the “Administrator”), will administer the A&R LTIP pursuant to its terms and all applicable state, federal or other rules or laws. The Administrator will have the power to determine to whom and when awards will be granted, determine the amount of awards (measured in cash or in shares of the Company’s common stock), proscribe and interpret the terms and provisions of each award agreement (the terms of which may vary), accelerate the vesting or exercisability of an award, delegate duties under the A&R LTIP, and execute all other responsibilities permitted or required under the A&R LTIP. The Administrator has authorized certain of our named executive officers to grant non-executive employees sign-on equity awards under the LTIP in an amount equal to up to 50% of their base salary.

Securities to be Offered

A total of 5,137,022 shares of common stock would be reserved for issuance pursuant to the A&R LTIP (including the 2,800,000 shares to be added pursuant to the amendment and restatement), of which 2,173,812 shares have been granted as of April 6, 2026. All available shares of common stock may be issued as ISOs. Shares underlying awards that are cancelled, forfeited, terminated or settled in cash shall not be considered delivered and may again be available for future Awards under the A&R LTIP.

On April 6, 2026 the last sales price of the Company’s common stock as reported on the NYSE American was \$36.84 per share.

New Plan Benefits

Awards under the A&R LTIP will be granted in amounts and to individuals as determined by the Compensation Committee in its sole discretion; provided, however, that the Compensation Committee has authorized certain of our Named Executive Officers to grant non-executive employees sign-on equity awards under the A&R LTIP in an amount up to 50% of their base salary. Therefore, the benefits or amounts that will be received by employees, officers, directors and consultants under the A&R LTIP are not determinable at this time. However, in March 2026, due to the limited number of available shares under the 2021 LTIP, the Compensation Committee determined awards of restricted stock that it intends to grant to executive officers contingent on approval of the A&R LTIP at the Annual Meeting. The contingent awards were weighted such that 35% of the awards represent performance-based restricted stock awards and 65% represent time-based restricted stock awards. In the event that our stockholders do not approve the A&R LTIP, the Compensation Committee may approve alternative LTIP awards or other compensation arrangements for the executive officers that the Compensation Committee determines to be economically equivalent to the contingent restricted stock grants. Additionally, if the A&R LTIP is approved at the Annual Meeting, we will award annual grants of restricted stock to our non-employee directors. The following table provides information concerning the contingent benefits to be received by the following persons and groups under the A&R LTIP (if approved by stockholders at the Annual Meeting): each NEO; all executive officers, as a group; all directors who are not executive officers, as a group; and all employees who are not executive officers, as a group:

Name	Dollar Value of contingent shares of restricted stock to be awarded under A&R LTIP \$(1)	Number of contingent shares of restricted stock to be awarded under A&R LTIP (#)(2)
Bobby D. Riley, Chairman of the Board and Chief Executive Officer	\$ 5,940,000	212,465
Philip Riley, Chief Financial Officer; Executive Vice President of Strategy	\$ 2,029,050	72,576
Corey Riley, Chief Information Officer and Chief Compliance Officer	\$ 1,819,800	65,092
John Suter, Chief Operating Officer	\$ 1,836,000	65,671
Jeffrey Gutman, Chief Accounting Officer and Executive Vice President of Commercial Risk	\$ 1,620,000	57,945
Executive Officers as a Group (includes NEOs)	\$ 13,244,850	473,749
Non-Employee Directors as a Group	-	0
Employees Other than Executive Officers as a Group	-	0

(1) The dollar value of contingent shares is calculated using the volume-weighted average price (VWAP) of the Company's common stock at the time the contingent award grant was approved by the Board of Directors. This amount does not represent the accounting expense to be recognized under FASB ASC Topic 718, which will be determined based on the grant date fair value when the performance conditions are met.

(2) The number of shares reflects the maximum potential payout at 200% of target, which represents the full number of shares being requested for reservation under the A&R LTIP to ensure sufficient shares are available for issuance upon achievement of maximum performance levels. Actual shares awarded may range from 0% to 200% of target based on achievement of applicable performance criteria.

Outstanding Equity Awards

Set forth below is information regarding our equity plans as of December 31, 2025. Subsequent to December 31, 2025, an additional 183,790 shares of restricted stock were awarded and 355 shares of restricted stock were forfeited under the A&R LTIP, leaving 163,210 shares remaining available for future issuance.

Non-Employee Director Limits For any calendar year in which the A&R LTIP is in effect, a non-employee director may not be granted Awards: (i) relating to more than 10,000 shares of common stock, or (ii) if greater, Awards having a grant date value in excess of \$300,000, in each case multiplied by the number of full or partial calendar years in any performance period for the particular Award. The foregoing limit is doubled for the first year in which a non-employee director joins the Board.

Types of Awards

Options—The A&R LTIP provides for the grant of options to eligible persons including: (i) incentive options (only to the Company’s employees or employees of the Company’s subsidiaries) which comply with section 422 of the Code; and (ii) nonstatutory options. The exercise price of each option granted under the A&R LTIP will be stated in the option agreement and may vary; however, the exercise price for an option must not be less than the fair market value per share of common stock as of the date of grant (or 110% of the fair market value for certain incentive options), nor may the option be re-priced without the prior approval of the Company’s stockholders. Options may be exercised as the Administrator determines, but not later than ten years from the date of grant. The Administrator will determine the methods and form of payment for the exercise price of an option (including, in the discretion of the Administrator, payment in common stock, other awards or other property) and the methods and forms in which common stock will be delivered to a participant.

SARs—A SAR is the right to receive the excess of the fair market value of one share of common stock on the date of exercise over the per share exercise price of the SAR, paid in cash or in common stock as determined by the Administrator. The exercise price of a share of common stock subject to the SAR shall be determined by the Administrator, but in no event shall that exercise price be less than the fair market value of the common stock on the date of grant. The Administrator will have the discretion to determine other terms and conditions of a SAR award.

Restricted Stock Awards—A restricted stock award is a grant of shares of common stock subject to the risk of forfeiture, performance conditions, restrictions on transferability and any other restrictions imposed by the Administrator in its discretion. Restrictions may lapse at such times and under such circumstances as determined by the Administrator. Except as otherwise provided under the terms of the A&R LTIP or the award agreement, the holder of a restricted stock award will have rights as a stockholder, including the right to vote the common stock subject to the restricted stock award or to receive dividends on the common stock subject to the restricted stock award during the restriction period. The Administrator shall provide, in the restricted stock award agreement, whether the restricted stock will be forfeited upon certain terminations of employment. Unless otherwise determined by the Administrator, common stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, will be subject to restrictions and the risk of forfeiture to the same extent as the restricted stock award with respect to which such common stock or other property has been distributed.

Restricted Stock Units—RSUs are rights to receive common stock, cash, or a combination of both at the end of a specified period based on number of shares of common stock covered by the RSUs. The Administrator may subject RSUs to restrictions (which may include a risk of forfeiture) to be specified in the RSU award agreement, and those restrictions may lapse at such times determined by the Administrator. RSUs may be settled by delivery of common stock, cash equal to the fair market value of the specified number of shares of common stock covered by the RSUs, or any combination thereof determined by the Administrator at the date of grant or thereafter. Dividend equivalents on the specified number of shares of common stock covered by RSUs may be paid on a current, deferred or contingent basis, as determined by the Administrator on or following the date of grant.

Stock Awards—The Administrator will be authorized to grant common stock as a bonus stock award. The Administrator will determine any terms and conditions applicable to grants of common stock, including performance criteria, if any, associated with a bonus stock award.

Performance Awards—The vesting, exercise or settlement of awards may be subject to achievement of one or more performance criteria specified by the Administrator.

Dividend Equivalents—Dividend equivalents entitle a participant to receive cash, common stock, other awards or other property equal in value to dividends paid with respect to a specified number of shares of the Company’s common stock, or other periodic payments at the discretion of the Administrator. Dividend equivalents may be granted in connection with another award (other than a restricted stock award or a bonus stock award).

Other Stock-Based Awards—Other stock-based awards are awards denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, the value of the Company’s common stock.

Cash Awards—Cash awards may be granted on a free-standing basis, as an element of or a supplement to, or in lieu of any other award.

Substitute Awards—Awards may be granted in substitution or exchange for any other award granted under the A&R LTIP or under another equity incentive plan or any other right of an eligible person to receive payment from the Company. Awards may also be granted under the A&R LTIP in substitution for similar awards held for individuals who become participants as a result of a merger, consolidation or acquisition of another entity by or with the Company or one of its affiliates.

Certain Transactions. If any change is made to the Company's capitalization, such as a stock split, stock combination, stock dividend, exchange of shares or other recapitalization, merger or otherwise, which results in an increase or decrease or other change in the number or type of outstanding shares of common stock, appropriate adjustments will be made by the Administrator in the shares subject to the A&R LTIP and to any award under the A&R LTIP. The Administrator will also have the discretion to make certain adjustments to awards in the event of a change in control, such as accelerating the vesting or exercisability of awards, requiring the surrender of an award, with or without consideration, or making any other adjustment or modification to the award that the Administrator determines is appropriate in light of such transaction.

Plan Amendment and Termination. The Board may amend or terminate the A&R LTIP at any time; however, stockholder approval will be required for any amendment to the extent necessary to comply with applicable law or exchange listing standards. The A&R LTIP will remain in effect through February 25, 2031.

Clawback. All awards under the A&R LTIP will be subject to any clawback or recapture policy adopted by the Company, as in effect from time to time.

Federal Income Tax Considerations

The following summary is based on an analysis of the Code as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change. Moreover, the following is only a summary of United States federal income tax consequences. Actual tax consequences to participants may be either more or less favorable than those described below depending on the participants' particular circumstances. State and local tax consequences may in some cases differ from federal tax consequences. The following summary of the income tax consequences in respect of the A&R LTIP is for general information only. Interested parties should consult their own advisors as to specific tax consequences of their awards, including the applicability and effect of state, local and foreign laws.

Nonstatutory Stock Options – No income will be recognized by a participant for federal income tax purposes upon the grant of a nonstatutory stock option. Upon exercise of a nonstatutory stock option, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the amount paid for the shares. The Company will be entitled to a deduction equal to the amount of ordinary income recognized by the participant at the time of the recognition by the participant. The basis of shares transferred to a participant pursuant to exercise of a nonstatutory stock option is the price paid for the shares plus an amount equal to any income recognized by the participant as a result of the exercise of the option. If a participant thereafter sells shares acquired upon exercise of a nonstatutory stock option, the participant will have capital gain or loss equal to the difference between the basis of the shares and the amount realized on the sale.

ISOs – The grant of an ISO will not result in taxable income to the participant. The exercise of an ISO will not result in regular taxable income to the participant if at the time of exercise the participant has been employed by the Company or its subsidiaries at all times beginning on the date the ISO was granted and ending not more than 90 days before the date of exercise. However, the excess of the fair market value of the shares on the date of exercise over the exercise price is an adjustment that is included in the calculation of the participant's AMT liability for the year the ISO is exercised.

If the participant does not sell the shares acquired on exercise within two years from the date of grant and one year from the date of exercise then on the sale of the shares any amount realized in excess of the exercise price will be taxed as capital gain. If the amount realized in the sale is less than the exercise price, then the participant will recognize a capital loss.

If these holding requirements are not met, then the participant will generally recognize ordinary income at the time the shares are sold in an amount equal to the lesser of (a) the excess of the fair market value of the shares on the date of exercise over the exercise price, or (b) the excess, if any, of the amount realized on the sale of the shares over the exercise price, and the Company will be entitled to a corresponding deduction. The participant's additional gain or any loss (if any) realized upon disposition will be a capital gain or loss.

SARs – The grant of a SAR will not result in taxable income to the participant. The participant will recognize ordinary income at the time of exercise equal to the amount of cash received or the fair market value of the shares received and the Company will be entitled to a corresponding deduction for tax purposes. If the SARs are settled in shares, then when the shares are sold the participant will recognize capital gain or loss on the difference between the sale price and the amount recognized at exercise. Whether it is a long-term or short-term gain or loss depends on how long the shares are held.

Restricted Stock – Unless a participant makes an election to accelerate the recognition of income to the grant date (as described below), the grant of restricted stock awards will not result in taxable income to the participant. When the restrictions lapse, the participant will recognize ordinary income on the excess of the fair market value of the shares on the vesting date over the amount paid for the shares, if any, and the Company will be entitled to a corresponding deduction.

If the participant makes an election under Section 83(b) of the Code within thirty days after the grant date, the participant will recognize ordinary income as of the grant date equal to the fair market value of the shares on the grant date over the amount paid, if any, and the Company will be entitled to a corresponding deduction. Any future appreciation will be taxed at capital gains rates. However, if the shares are later forfeited, the participant will not be able to recover any taxes paid.

RSUs – The grant of an RSU will not result in taxable income to the participant. When the RSU is settled, the participant will recognize ordinary income equal to the fair market value of the shares or the cash provided on settlement and the Company will be entitled to a corresponding deduction. Any future appreciation on shares received will be taxed at capital gains rates.

Performance Awards – There will be no federal income tax consequences to either the participant or the employer upon the grant of a performance award. Generally, the participant will recognize ordinary income upon the receipt of cash and/or shares of common stock in payment of performance awards in an amount equal to the aggregate of the cash received and the fair market value of the common stock so transferred. The employer generally will be entitled to a corresponding tax deduction equal to the amount includible in the participant’s income.

Stock Awards – The participant will recognize income for federal income tax purposes at the time of the stock award and the employer will be entitled to a corresponding deduction.

Other Incentive Awards – The tax treatment of other incentive awards will depend on the type of award. In general, the participant will recognize ordinary income upon receipt of cash or shares that are not subject to a substantial risk of forfeiture. The participant’s employer will be entitled to a tax deduction at the same time and for the same amount.

Wage Withholding – If a participant is an employee, the amount of ordinary income recognized in respect of any Award will generally be wages subject to income and FICA tax withholding at the time the income is recognized. Notwithstanding the foregoing, ordinary income recognized in respect of an ISO, however, is not subject to income and FICA tax withholding.

Section 409A – Section 409A of the Code imposes complex rules on nonqualified deferred compensation arrangements, including requirements with respect to elections to defer compensation and the timing of payment of deferred amounts. Depending on how they are structured, certain equity-based awards may be subject to Section 409A of the Code, while others are exempt. If an award is subject to Section 409A of the Code and a violation occurs, the compensation is includible in income when no longer subject to a substantial risk of forfeiture and the participant may be subject to a 20% penalty tax and, in some cases, interest and penalties. The A&R LTIP and awards granted under the A&R LTIP are intended to be exempt from or to conform to the requirements of Section 409A of the Code.

Section 162(m) and Limits on the Company’s Deductions – Section 162(m) of the Code denies deductions to publicly held corporations for compensation paid to certain senior executives that exceeds \$1,000,000 in any taxable year.

Vote Required and Board Recommendation

The approval of the A&R LTIP requires the affirmative vote of a majority of the voting power of the outstanding shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on this proposal. Abstentions will have the same effect as a vote against this proposal. Broker non-votes have no effect on the outcome of the vote.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

To the Company’s knowledge based on publicly available information, the following table sets forth information as of April 6, 2026 regarding the beneficial ownership of Common Stock by each person known to us to own beneficially more than 5% of the outstanding Common Stock, each director, each director nominee, our Named Executive Officers, and our directors and executive officers as a group. The persons named in the table have sole voting and investment power with respect to all shares of Common Stock owned by them, unless otherwise noted.

Beneficial ownership is determined in accordance with the rules of the SEC and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of Common Stock over which the stockholder has sole or shared voting or investment power. It also includes (unless footnoted) shares of Common Stock that the stockholder has a right to acquire within 60 days after April 6, 2026 through the exercise of any option or other right. The percentage ownership of the outstanding Common Stock, however, is based on the assumption, expressly required by the rules of the SEC, that only the person or entity whose ownership is being reported has exercised options or any other right to acquire shares of our Common Stock.

Under our Bylaws, a matter can properly be brought before an annual meeting by a stockholder of the Company who is a stockholder of record at the time notice of the proposal is given and who is entitled to vote at such annual meeting. The proposing stockholder must give timely notice of his or her proposal in writing to the Secretary of the Company and satisfy the other requirements set forth in the Bylaws. Annex A: Non-GAAP Financial Measures

Upstream Free Cash Flow and Total Free Cash Flow are measures that we use as indicators of our ability to fund our development activities and generate excess cash for other corporate purposes, including returns to shareholders. We utilize Upstream Free Cash Flow to measure the capital intensity or efficiency of our core E&P business and compare such efficiency to other E&P companies, and define it as Net Cash Provided by Operating Activities before changes in working capital reduced by additions to oil and natural gas properties and additions to other property and equipment before acquisitions and excluding contributions to equity method investments and increased by the tax impact of the Midstream Sale.

We utilize Total Free Cash Flow to measure the liquidity generated by our overall business, including the effect of midstream investments, and define it as Net Cash Provided by Operating Activities before changes in working capital reduced by additions to oil and natural gas properties, additions to other property and equipment, additions to midstream property and equipment before acquisitions and excluding contributions to equity method investments and increased by the tax impact of the Midstream Sale.

We distinguish Upstream Free Cash Flow from Total Free Cash Flow given the stage of maturity of our upstream business (well-established). For most capital intensive businesses, the ability to generate positive Free Cash Flow will be correlated with the maturity of the business, with early stage businesses often having growth capital investments exceeding operating cash flow. Measures of Free Cash Flow should be considered in addition to, rather than as a substitute for, net cash provided by operating activities. The following table provides a reconciliation of Net Cash Provided by Operating Activities to Upstream Free Cash Flow and Total Free Cash Flow for the periods indicated:

	Year Ended	
	December 31, 2025	December 31, 2024
	(Unaudited, In thousands)	
Net Cash Provided by Operating Activities	\$ 212,539	\$ 246,274

Additions to other property and equipment	(1,564)	(875)
Tax impact of midstream sale	16,461	—
Upstream Free Cash Flow	\$ 117,236	\$ 128,033
Additions to midstream property and equipment	(36,667)	(10,964)

Notwithstanding this definition of Fair Market Value, with respect to one or more Award types, or for any other purpose for which the Committee must determine the Fair Market Value under the Plan, the Committee may elect to choose a different measurement date or methodology for determining Fair Market Value so long as the determination is consistent with the Nonqualified Deferred Compensation Rules and all other applicable laws and regulations.

3. Administration.

(a) [Authority of the Committee](#). The Plan shall be administered by the Committee except to the extent the Board elects to administer the Plan, in which case references herein to the “Committee” shall be deemed to include references to the “Board.” Subject to the express provisions of the Plan, Rule 16b-3 and other applicable laws, the Committee shall have the authority, in its sole and absolute discretion, to:

(i) designate Eligible Persons as Participants;

(ii) determine the type or types of Awards to be granted to an Eligible Person;

(iii) determine the number of shares of Stock or amount of cash to be covered by Awards;

(iv) approve the forms of Award Agreements for use under the Plan;

- (v) determine the terms and conditions of any Award, including whether, to what extent and under what circumstances Awards may be vested, settled, exercised, cancelled or forfeited (including conditions based on continued employment or service requirements or the achievement of one or more performance goals);
- (vi) modify, waive or adjust any term or condition of an Award that has been granted, which may include the acceleration of vesting, waiver of forfeiture restrictions, modification of the form of settlement of the Award (for example, from cash to Stock or vice versa), early termination of a performance period, or modification of any other condition or limitation regarding an Award;
- (vii) determine the treatment of an Award upon a termination of employment or other service relationship;
- (viii) impose a holding period with respect to an Award or the shares of Stock received in connection with an Award;
- (iv) interpret and administer the Plan and any Award Agreement;
- (x) correct any defect, supply any omission and reconcile any inconsistency in the Plan, in any Award, and in any Award Agreement; and
- (xi) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan.

The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. Any action of the Committee shall be final, conclusive and binding on all persons, including the Company, its Affiliates, stockholders, Participants, beneficiaries, and permitted transferees under [Section 7\(a\)](#) or other persons claiming rights from or through a Participant.

(b) Exercise of Committee Authority. At any time that a member of the Committee is not a Qualified Member, any action of the Committee relating to an Award granted or to be granted to an Eligible Person who is then subject to Section 16 of the Exchange Act in respect of the Company where such action is not taken by the full Board may be taken either (A) by a subcommittee, designated by the Committee, composed solely of two or more Qualified Members, or (B) by the Committee but with each such member who is not a Qualified Member abstaining or recusing himself or herself from such action; provided, however, that upon such abstention or recusal, the Committee remains composed solely of two or more Qualified Members. Such action, authorized by such a subcommittee or by the Committee upon the abstention or recusal of such non-Qualified Member(s), shall be the action of the Committee for purposes of the Plan. For the avoidance of doubt, the full Board may take any action relating to an Award granted or to be granted to an Eligible Person who is then subject to Section 16 of the Exchange Act in respect of the Company.

(c) Delegation of Authority. The Committee may delegate any or all of its powers and duties under the Plan to a subcommittee of directors or to any officer of the Company, including the power to perform administrative functions and grant Awards; provided, however, that such delegation does not (i) violate state or corporate law, or (ii) result in the loss of an exemption under Rule 16b-3(d)(1) for Awards granted to Participants subject to Section 16 of the Exchange Act in respect of the Company. Upon any such delegation, all references in the Plan to the "Committee," other than in [Section 8](#), shall be deemed to include any subcommittee or officer of the Company to whom such powers have been delegated by the Committee. Any such delegation shall not limit the right of such subcommittee members or such an officer to receive Awards; provided, however, that such subcommittee members and any such officer may not grant Awards to himself or herself, a member of the Board, or any executive officer of the Company or an Affiliate, or take any action with respect to any Award previously granted to himself or herself, a member of the Board, or any executive officer of the Company or an Affiliate. The Committee may also appoint agents who are not executive officers of the Company or members of the Board to assist in administering the Plan, provided, however, that such individuals may not be delegated the authority to grant or modify any Awards that will, or may, be settled in Stock.

(d) Limitation of Liability. The Committee and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or employee of the Company or any of its Affiliates, the Company's legal counsel, independent auditors, consultants or any other agents assisting in the administration of the Plan. Members of the Committee and any officer or employee of the Company or any of its Affiliates acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the fullest extent permitted by law, be indemnified and held harmless by the Company with respect to any such action or determination.

(e) Participants in Non-U.S. Jurisdictions. Notwithstanding any provision of the Plan to the contrary, to comply with applicable laws in countries other than the United States in which the Company or any of its Affiliates operates or has employees, directors or other service providers from time to time, or to ensure that the Company complies with any applicable requirements of foreign securities exchanges, the Committee, in its sole discretion, shall have the power and authority to: (i) determine which of the Company's Affiliates shall be covered by the Plan; (ii) determine which Eligible Persons outside the United States are eligible to participate in the Plan; (iii) modify the terms and conditions of any Award granted to Eligible Persons outside the United States to comply with applicable foreign laws or listing requirements of any foreign exchange; (iv) establish sub-plans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable (any such sub-plans and/or modifications shall be attached to the Plan as appendices), provided, however, that no such sub-plans and/or modifications shall increase the share limitations contained in Section 4(a); and (v) take any action, before or after an Award is granted, that it deems advisable to comply with any applicable governmental regulatory exemptions or approval or listing requirements of any such foreign securities exchange. For purposes of the Plan, all references to foreign laws, rules, regulations or taxes shall be references to the laws, rules, regulations and taxes of any applicable jurisdiction other than the United States or a political subdivision thereof.

4. **Stock Subject to Plan.**

(a) Number of Shares Available for Delivery. Subject to adjustment in a manner consistent with Section 8, 5,137,022 shares of Stock are reserved and available for delivery with respect to Awards, and such total shall be available for the issuance of shares upon the exercise of ISOs.

(b) Application of Limitation to Grants of Awards. Subject to Section 4(c), no Award may be granted if the number of shares of Stock that may be delivered in connection with such Award exceeds the number of shares of Stock remaining available under the Plan minus the number of shares of Stock issuable in settlement of or relating to then-outstanding Awards. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or Substitute Awards) and make adjustments if the number of shares of Stock actually delivered differs from the number of shares previously counted in connection with an Award.

(c) Availability of Shares Not Delivered under Awards. If all or any portion of an Award expires or is cancelled, forfeited, exchanged, settled in cash or otherwise terminated, the shares of Stock subject to such Award (including shares forfeited with respect to Restricted Stock, but excluding the number of shares withheld or surrendered to the Company in payment of any exercise or purchase price of an Award or taxes relating to Awards) shall not be considered "delivered shares" under the Plan, shall be available for delivery with respect to Awards, and shall no longer be considered issuable or related to outstanding Awards for purposes of Section 4(b), except that if any such shares could not again be available for Awards granted to a particular Participant under any applicable law or regulation, such shares shall be available exclusively for Awards to Participants who are not subject to such limitation. If an Award may only be settled in cash, such Award need not be counted against any share limit under this Section 4.

(d) Stock Offered. The shares of Stock to be delivered under the Plan shall be made available from (i) authorized but unissued shares of Stock, (ii) Stock held in the treasury of the Company, and/or (iii) previously issued shares of Stock reacquired by the Company, including shares purchased on the open market.

5. Eligibility; Per Person Award Limitations.

(a) Eligibility. Awards may be granted under the Plan only to Eligible Persons.

(b) Non-Employee Director Award Limitations. In each calendar year during any part of which the Plan is in effect, a non-employee member of the Board may not be granted Awards (i) relating to more than 10,000 shares of Stock, subject to adjustment in a manner consistent with any adjustment made pursuant to Section 8, or (ii) if greater, Awards having a value (determined, if applicable, pursuant to ASC Topic 718) on the date of grant in excess of \$300,000, in each case multiplied by the number of full or partial calendar years in any performance period established with respect to an Award, if applicable; provided, that, for the calendar year in which a non-employee member of the Board first commences service on the Board only, the foregoing limitations shall be doubled; provided, further that, the limits set forth in this Section 5(b) shall be without regard to grants of Awards, if any, made to a non-employee member of the Board during any period in which such individual was an employee of the Company or of any of its Affiliates or was otherwise providing services to the Company or to any of its Affiliates other than in the capacity as a director of the Company.

6. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 6. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone, in addition to, or in tandem with any other Award. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 10), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine.

(b) Options. The Committee is authorized to grant Options, which may be designated as either ISOs or Nonstatutory Options, to Eligible Persons on the following terms and conditions:

(i) Exercise Price. Each Award Agreement evidencing an Option shall state the exercise price per share of Stock (the "Exercise Price") established by the Committee; provided, however, that except as provided in Section 6(j) or in Section 8, the Exercise Price of an Option shall not be less than the greater of (A) the par value per share of Stock or (B) 100% of the Fair Market Value per share of Stock as of the date of grant of the Option (or in the case of an ISO granted to an individual who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its parent or any of its subsidiaries, 110% of the Fair Market Value per share of Stock on the date of grant).

(ii) Time and Method of Exercise; Other Terms. The Committee shall determine the method(s) by which the Exercise Price may be paid or deemed to be paid, the form of such payment, including cash or cash equivalents, Stock (including previously owned shares or through a cashless exercise, i.e., "net settlement", a broker-assisted exercise, or other reduction of the amount of shares otherwise issuable pursuant to the Option), other Awards or awards granted under other plans of the Company or any Affiliate, other property, or any other legal consideration the Committee deems appropriate (including notes or other contractual obligations of Participants to make payment on a deferred basis), the method(s) by or form(s) in which Stock will be delivered or deemed to be delivered to Participants, including the delivery of Restricted Stock subject to Section 6(d), and any other terms and conditions of any Option. In the case of an exercise whereby the Exercise Price is paid with shares of Stock, such shares of Stock shall be valued based on the per share Fair Market Value of Stock as of the date of exercise. No Option may be exercisable for a period of more than ten years following the date of grant of the Option (or in the case of an ISO granted to an individual who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its parent or any of its subsidiaries, for a period of more than five years following the date of grant of the ISO).

(iii) ISOs. The terms of any ISO granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. ISOs may only be granted to Eligible Persons who are employees of the Company or employees of a parent or any subsidiary corporation of the Company. Except as otherwise provided in Section 8, no term of the Plan relating to ISOs (including any SAR granted in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify either the Plan or any ISO under Section 422 of the Code, unless the Participant has first requested the change that will result in such disqualification. ISOs shall not be granted more than ten years after the earlier of the adoption of the Plan or the approval of the Plan by the Company's stockholders. Notwithstanding the foregoing, to the extent that the aggregate Fair Market Value of shares of Stock subject to an ISO and the aggregate Fair Market Value of shares of stock of any parent or subsidiary corporation (within the meaning of Sections 424(e) and (f) of the Code) subject to any other incentive stock options of the Company or a parent or subsidiary corporation (within the meaning of Sections 424(e) and (f) of the Code) that are exercisable for the first time by a Participant during any calendar year exceeds \$100,000, or such other amount as may be prescribed under Section 422 of the Code, such excess shall be treated as Nonstatutory Options in accordance with the Code. As used in the previous sentence, Fair Market Value shall be determined as of the date the ISO is granted. If a Participant shall make any disposition of shares of Stock issued pursuant to an ISO under the circumstances described in Section 421(b) of the Code (relating to disqualifying dispositions), the Participant shall notify the Company of such disposition within the time provided to do so in the applicable Award Agreement.

(c) SARs. The Committee is authorized to grant SARs to Eligible Persons on the following terms and conditions:

(i) Right to Payment. An SAR is a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Committee.

(ii) Grant Price. Each Award Agreement evidencing an SAR shall state the grant price per share of Stock established by the Committee; provided, however, that except as provided in Section 6(j) or in Section 8, the grant price per share of Stock subject to an SAR shall not be less than the greater of (A) the par value per share of Stock or (B) 100% of the Fair Market Value per share of Stock as of the date of grant of the SAR.

(iii) Method of Exercise and Settlement; Other Terms. The Committee shall determine the form of consideration payable upon settlement, the method by or forms in which Stock (if any) will be delivered or deemed to be delivered to Participants, and any other terms and conditions of any SAR. SARs may be either free-standing or granted in tandem with other Awards. No SAR may be exercisable for a period of more than ten years following the date of grant of the SAR.

(iv) Rights Related to Options. An SAR granted in connection with an Option shall entitle a Participant, upon exercise, to surrender that Option or any portion thereof, to the extent unexercised, and to receive payment of an amount determined by multiplying (A) the difference obtained by subtracting the Exercise Price with respect to a share of Stock specified in the related Option from the Fair Market Value of a share of Stock on the date of exercise of the SAR, by (B) the number of shares as to which that SAR has been exercised. The Option shall then cease to be exercisable to the extent surrendered. SARs granted in connection with an Option shall be subject to the terms and conditions of the Award Agreement governing the Option, which shall provide that the SAR is exercisable only at such time or times and only to the extent that the related Option is exercisable and shall not be transferable except to the extent that the related Option is transferrable.

(d) Restricted Stock. The Committee is authorized to grant Restricted Stock to Eligible Persons on the following terms and conditions:

(i) Restrictions. Restricted Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose. Except as provided in Section 7(a)(iii) and Section 7(a)(iv), during the restricted period applicable to the Restricted Stock, the Restricted Stock may not be sold, transferred, pledged, hedged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) Dividends and Splits. Shares of Restricted Stock shall be entitled to receive all dividends and other distributions paid with respect to such shares of Restricted Stock. All such dividends and distributions shall be subject to the same restrictions, including any risk of forfeiture, as the shares of Restricted Stock with respect to which they were paid. Unless otherwise determined by the Committee and specified in the applicable Award Agreement, Stock distributed in connection with a Stock split, shall be subject to restrictions, including any risk of forfeiture, to the same extent as the Restricted Stock with respect to which such Stock has been split.

(e) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Eligible Persons on the following terms and conditions:

(i) Award and Restrictions. Restricted Stock Units shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose.

(ii) Settlement. Settlement of vested Restricted Stock Units shall occur upon vesting or upon expiration of the deferral period specified by the Committee for such Restricted Stock Units (or, if permitted by the Committee, as elected by the Participant). Restricted Stock Units shall be settled by delivery of (A) a number of shares of Stock equal to the number of Restricted Stock Units for which settlement is due, or (B) cash in an amount equal to the Fair Market Value of the specified number of shares of Stock equal to the number of Restricted Stock Units for which settlement is due, or a combination thereof, as determined by the Committee at the date of grant or thereafter.

(f) Stock Awards. The Committee is authorized to grant Stock Awards to Eligible Persons as a bonus, as additional compensation, or in lieu of cash compensation any such Eligible Person is otherwise entitled to receive, in such amounts and subject to such other terms as the Committee in its discretion determines to be appropriate.

(g) Dividend Equivalents. The Committee is authorized to grant Dividend Equivalents to Eligible Persons, entitling any such Eligible Person to receive cash, Stock or other property equal in value to dividends or other distributions paid with respect to a specified number of shares of Stock. Dividend Equivalents may be awarded in connection with another Award (other than an Award of Restricted Stock or a Stock Award). Under no circumstances shall the payment of Dividend Equivalents be made contingent on the exercise of an Option or SAR. Unless otherwise determined by the Committee and specified in the applicable Award Agreement, Dividend Equivalents shall be accrued in a bookkeeping account without interest and subject to such restrictions, including any risk of forfeiture, as the Award with respect to which the Dividends Equivalents accrue and shall not be paid unless and until such Award has vested and been earned.

(h) Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, to grant to Eligible Persons such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of Stock, purchase rights for shares of Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of Stock or the value of securities of, or the performance of, specified Affiliates of the Company. The Committee shall determine the terms and conditions of such Other Stock-Based Awards. Shares of Stock delivered pursuant to an Other-Stock Based Award in the nature of a purchase right granted under this [Section 6\(h\)](#) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including cash, shares of Stock, other Awards, other property, or any combination of the foregoing, as the Committee shall determine.

(i) Cash Awards. The Committee is authorized to grant Cash Awards, on a free-standing basis or as an element of, a supplement to, or in lieu of any other Award under the Plan to Eligible Persons in such amounts and subject to such other terms as the Committee in its discretion determines to be appropriate.

(j) Substitute Awards; No Repricing. Awards may be granted in substitution or exchange for any other Award granted under the Plan or under another plan of the Company or an Affiliate or any other right of an Eligible Person to receive payment from the Company or an Affiliate. Awards may also be granted under the Plan in substitution for awards held by individuals who become Eligible Persons as a result of a merger, consolidation or acquisition of another entity or the assets of another entity by or with the Company or an Affiliate. Such Substitute Awards referred to in the immediately preceding sentence that are Options or SARs may have an exercise price that is less than the Fair Market Value of a share of Stock on the date of the substitution if such substitution complies with the Nonqualified Deferred Compensation Rules and other applicable laws and exchange rules. Except as provided in this [Section 6\(i\)](#) or in [Section 8](#), without the approval of the stockholders of the Company, the terms of outstanding Awards may not be amended to (i) reduce the Exercise Price or grant price of an outstanding Option or SAR, (ii) grant a new Option, SAR or other Award in substitution for, or upon the cancellation of, any previously granted Option or SAR that has the effect of reducing the Exercise Price or grant price thereof, (iii) exchange any Option or SAR for shares of Stock, cash or other consideration when the Exercise Price or grant price per share of Stock under such Option or SAR exceeds the Fair Market Value of a share of Stock or (iv) take any other action that would be considered a “repricing” of an Option or SAR under the applicable listing standards of the national securities exchange on which shares of Stock are then listed (if any).

(k) Performance Awards. The Committee is authorized to designate any of the Awards granted under the foregoing provisions of this [Section 6](#) as Performance Awards. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance goals applicable to a Performance Award, and may exercise its discretion to reduce or increase the amounts payable under any Performance Award. The performance goals for Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria as specified by the Committee. Performance goals may differ among Performance Awards granted to any one Participant or to different Participants. The performance period applicable to any Performance Award shall be set by the Committee in its discretion but shall not exceed ten years.

7. **Certain Provisions Applicable to Awards.**

(a) Limit on Transfer of Awards.

(i) Except as provided in [Sections 7\(a\)\(iii\)](#) and [\(iv\)](#), each Option and SAR shall be exercisable only by the Participant during the Participant’s lifetime, or by the person to whom the Participant’s rights shall pass by will or the laws of descent and distribution. Notwithstanding anything to the contrary in this [Section 7\(a\)](#), an ISO shall not be transferable other than by will or the laws of descent and distribution.

(ii) Except as provided in [Sections 7\(a\)\(i\), \(iii\) and \(iv\)](#), no Award, other than a Stock Award, and no right under any such Award, may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or any Affiliate.

(iii) To the extent specifically provided by the Committee, an Award may be transferred by a Participant without consideration to immediate family members or related family trusts, limited partnerships or similar entities or on such terms and conditions as the Committee may from time to time establish.

(iv) An Award may be transferred pursuant to a domestic relations order entered or approved by a court of competent jurisdiction upon delivery to the Company of a written request for such transfer and a certified copy of such order.

(b) [Form and Timing of Payment under Awards; Deferrals](#). Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or any of its Affiliates upon the exercise or settlement of an Award may be made in such forms as the Committee shall determine in its discretion, including cash, Stock, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis (which may be required by the Committee or permitted at the election of the Participant on terms and conditions established by the Committee); [provided, however](#), that any such deferred or installment payments will be set forth in the Award Agreement. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Stock.

(c) [Evidencing Stock](#). Shares of Stock or other securities of the Company delivered pursuant to an Award may be evidenced in any manner deemed appropriate by the Committee in its sole discretion, including in the form of a certificate issued in the name of the Participant or by book entry, electronic or otherwise, and shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations, and other requirements of the SEC, any stock exchange upon which such Stock or other securities are then listed, and any applicable federal, state or other laws, and the Committee may cause a legend or legends to be inscribed on any such certificates to make appropriate reference to such restrictions. Further, if certificates representing Restricted Stock are registered in the name of the Participant, the Company may retain physical possession of the certificates and may require that the Participant deliver a stock power to the Company, endorsed in blank, related to the Restricted Stock.

(d) [Consideration for Grants](#). Awards may be granted for such consideration, including services, as the Committee shall determine, but shall not be granted for less than the minimum lawful consideration.

(e) [Additional Agreements](#). Each Eligible Person to whom an Award is granted under the Plan may be required to agree in writing, as a condition to the grant of such Award or otherwise, to subject an Award that is exercised or settled following such Eligible Person's termination of employment or service to a general release of claims and/or a noncompetition or other restricted covenant agreement in favor of the Company and its Affiliates, with the terms and conditions of such agreement(s) to be determined in good faith by the Committee.

8. **Subdivision or Consolidation; Recapitalization; Change in Control; Reorganization.**

(a) **Existence of Plans and Awards.** The existence of the Plan and the Awards granted hereunder, if any, shall not affect in any way the right or power of the Company, the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

(b) **Additional Issuances.** Except as expressly provided herein, the issuance by the Company of shares of stock of any class, including upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to Awards theretofore granted or the purchase price per share of Stock, if applicable.

(c) **Subdivision or Consolidation of Shares.** The terms of an Award and the share limitations under the Plan shall be subject to adjustment by the Committee from time to time, in accordance with the following provisions:

(i) If at any time, or from time to time, the Company shall subdivide as a whole (by reclassification, by a Stock split, by the issuance of a distribution on Stock payable in Stock, or otherwise) the number of shares of Stock then outstanding into a greater number of shares of Stock or in the event the Company distributes an extraordinary cash dividend, then, as appropriate (A) the maximum number of shares of Stock available for delivery with respect to Awards and applicable limitations with respect to Awards provided in [Section 4](#) and [Section 5](#) (other than cash limits) shall be increased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any then outstanding Award shall be increased proportionately, and (C) the price (including the Exercise Price or grant price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be reduced proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions; provided, however, that in the case of an extraordinary cash dividend that is not an Adjustment Event, the adjustment to the number of shares of Stock and the Exercise Price or grant price, as applicable, with respect to an outstanding Option or SAR may be made in such other manner as the Committee may determine that is permitted pursuant to applicable tax and other laws, rules and regulations.

(ii) If at any time, or from time to time, the Company shall consolidate as a whole (by reclassification, by reverse Stock split, or otherwise) the number of shares of Stock then outstanding into a lesser number of shares of Stock, then, as appropriate (A) the maximum number of shares of Stock available for delivery with respect to Awards and applicable limitations with respect to Awards provided in [Section 4](#) and [Section 5](#) (other than cash limits) shall be decreased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any then outstanding Award shall be decreased proportionately, and (C) the price (including the Exercise Price or grant price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be increased proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions.

(d) Recapitalization. In the event of any change in the capital structure or business of the Company or other corporate transaction or event that would be considered an “equity restructuring” within the meaning of ASC Topic 718 and, in each case, that would result in an additional compensation expense to the Company pursuant to the provisions of ASC Topic 718, if adjustments to Awards with respect to such event were discretionary or otherwise not required (each such an event, an “*Adjustment Event*”), then the Committee shall equitably adjust (i) the aggregate number or kind of shares that thereafter may be delivered under the Plan, (ii) the number or kind of shares or other property (including cash) subject to an Award, (iii) the terms and conditions of Awards, including the purchase price or Exercise Price of Awards and performance goals, as applicable, and (iv) the applicable limitations with respect to Awards provided in Section 4 and Section 5 (other than cash limits) to equitably reflect such Adjustment Event (“*Equitable Adjustments*”). In the event of any change in the capital structure or business of the Company or other corporate transaction or event that would not be considered an Adjustment Event, and is not otherwise addressed in this Section 8, the Committee shall have complete discretion to make Equitable Adjustments (if any) in such manner as it deems appropriate with respect to such other event.

(e) Change in Control and Other Events. Except to the extent otherwise provided in any applicable Award Agreement, vesting of any Award shall not occur solely upon the occurrence of a Change in Control and, in the event of a Change in Control or other changes in the Company or the outstanding Stock by reason of a recapitalization, reorganization, merger, consolidation, combination, exchange or other relevant change occurring after the date of the grant of any Award, the Committee, acting in its sole discretion without the consent or approval of any holder, may exercise any power enumerated in Section 3 (including the power to accelerate vesting, waive any forfeiture conditions or otherwise modify or adjust any other condition or limitation regarding an Award) and may also effect one or more of the following alternatives, which may vary among individual holders and which may vary among Awards held by any individual holder:

(i) accelerate the time of exercisability of an Award so that such Award may be exercised in full or in part for a limited period of time on or before a date specified by the Committee, after which specified date all unexercised Awards and all rights of holders thereunder shall terminate;

(ii) redeem in whole or in part outstanding Awards by requiring the mandatory surrender to the Company by selected holders of some or all of the outstanding Awards held by such holders (irrespective of whether such Awards are then vested or exercisable) as of a date, specified by the Committee, in which event the Committee shall thereupon cancel such Awards and pay to each holder an amount of cash or other consideration per Award (other than a Dividend Equivalent or Cash Award, which the Committee may separately require to be surrendered in exchange for cash or other consideration determined by the Committee in its discretion) equal to the Change in Control Price, less the Exercise Price with respect to an Option and less the grant price with respect to a SAR, as applicable to such Awards; provided, however, that to the extent the Exercise Price of an Option or the grant price of an SAR exceeds the Change in Control Price, such Award may be cancelled for no consideration;

(iii) cancel Awards that remain subject to a restricted period as of the date of a Change in Control or other such event without payment of any consideration to the Participant for such Awards; or

(iv) make such adjustments to Awards then outstanding as the Committee deems appropriate to reflect such Change in Control or other such event (including the substitution, assumption, or continuation of Awards by the successor company or a parent or subsidiary thereof);

provided, however, that so long as the event is not an Adjustment Event, the Committee may determine in its sole discretion that no adjustment is necessary to Awards then outstanding. If an Adjustment Event occurs, this Section 8(e) shall only apply to the extent it is not in conflict with Section 8(d).

9. **General Provisions.**

(a) **Tax Withholding.** The Company and any of its Affiliates are authorized to withhold from any Award granted, or any payment relating to an Award, including from a distribution of Stock, taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company, its Affiliates and Participants to satisfy the payment of withholding taxes and other tax obligations relating to any Award in such amounts as may be determined by the Committee. The Committee shall determine, in its sole discretion, the form of payment acceptable for such tax withholding obligations, including the delivery of cash or cash equivalents, Stock (including previously owned shares, net settlement, a broker-assisted sale, or other cashless withholding or reduction of the amount of shares otherwise issuable or delivered pursuant to the Award), other property, or any other legal consideration the Committee deems appropriate. Any determination made by the Committee to allow a Participant who is subject to Rule 16b-3 to pay taxes with shares of Stock through net settlement or previously owned shares shall be approved by either a committee made up of solely two or more Qualified Members or the full Board. If such tax withholding amounts are satisfied through net settlement or previously owned shares, the maximum number of shares of Stock that may be so withheld or surrendered shall be the number of shares of Stock that have an aggregate Fair Market Value on the date of withholding or surrender equal to the aggregate amount of such tax liabilities determined based on the greatest withholding rates for federal, state, foreign and/or local tax purposes, including payroll taxes, that may be utilized without creating adverse accounting treatment for the Company with respect to such Award, as determined by the Committee.

(b) **Limitation on Rights Conferred under Plan.** Neither the Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or any of its Affiliates, (ii) interfering in any way with the right of the Company or any of its Affiliates to terminate any Eligible Person's or Participant's employment or service relationship at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and/or employees and/or other service providers, or (iv) conferring on a Participant any of the rights of a stockholder of the Company unless and until the Participant is duly issued or transferred shares of Stock in accordance with the terms of an Award.

(c) **Governing Law; Submission to Jurisdiction.** All questions arising with respect to the provisions of the Plan and Awards shall be determined by application of the laws of the State of Delaware, without giving effect to any conflict of law provisions thereof, except to the extent Delaware law is preempted by federal law. The obligation of the Company to sell and deliver Stock hereunder is subject to applicable federal and state laws and to the approval of any governmental authority required in connection with the authorization, issuance, sale, or delivery of such Stock. With respect to any claim or dispute related to or arising under the Plan, the Company and each Participant who accepts an Award hereby consent to the exclusive jurisdiction, forum and venue of the state and federal courts located in Oklahoma City, Oklahoma.

(d) **Severability and Reformation.** If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable law or, if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award and the remainder of the Plan and any such Award shall remain in full force and effect. If any of the terms or provisions of the Plan or any Award Agreement conflict with the requirements of Rule 16b-3 (as those terms or provisions are applied to Eligible Persons who are subject to Section 16 of the Exchange Act) or Section 422 of the Code (with respect to ISOs), then those conflicting terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of Rule 16b-3 (unless the Board or the Committee, as appropriate, has expressly determined that the Plan or such Award should not comply with Rule 16b-3) or Section 422 of the Code, in each case, only to the extent Rule 16b-3 and such sections of the Code are applicable. With respect to ISOs, if the Plan does not contain any provision required to be included herein under Section 422 of the Code, that provision shall be deemed to be incorporated herein with the same force and effect as if that provision had been set out at length herein; provided, further, that, to the extent any Option that is intended to qualify as an ISO cannot so qualify, that Option (to that extent) shall be deemed a Nonstatutory Option for all purposes of the Plan.

(e) Unfunded Status of Awards: No Trust or Fund Created. The Plan is intended to constitute an “unfunded” plan for certain incentive awards. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other person. To the extent that any person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any general unsecured creditor of the Company or such Affiliate.

(f) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable. Nothing contained in the Plan shall be construed to prevent the Company or any of its Affiliates from taking any corporate action which is deemed by the Company or such Affiliate to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No employee, beneficiary or other person shall have any claim against the Company or any of its Affiliates as a result of any such action.

(g) Fractional Shares. No fractional shares of Stock shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine in its sole discretion whether cash, other securities, or other property shall be paid or transferred in lieu of any fractional shares of Stock or whether such fractional shares of Stock or any rights thereto shall be cancelled, terminated, or otherwise eliminated with or without consideration.

(h) Interpretation. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof. Words in the masculine gender shall include the feminine gender, and, where appropriate, the plural shall include the singular and the singular shall include the plural. In the event of any conflict between the terms and conditions of an Award Agreement and the Plan, the provisions of the Plan shall control. The use herein of the word “including” following any general statement, term or matter shall not be construed to limit such statement, term or matter to the specific items or matters set forth immediately following such word or to similar items or matters, whether or not non-limiting language (such as “without limitation”, “but not limited to”, or words of similar import) is used with reference thereto, but rather shall be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such general statement, term or matter. References herein to any agreement, instrument or other document means such agreement, instrument or other document as amended, supplemented and modified from time to time to the extent permitted by the provisions thereof and not prohibited by the Plan.

(i) Facility of Payment. Any amounts payable hereunder to any individual under legal disability or who, in the judgment of the Committee, is unable to manage properly his financial affairs, may be paid to the legal representative of such individual, or may be applied for the benefit of such individual in any manner that the Committee may select, and the Company shall be relieved of any further liability for payment of such amounts.

(j) Conditions to Delivery of Stock. Nothing herein or in any Award Agreement shall require the Company to issue any shares with respect to any Award if that issuance would, in the opinion of counsel for the Company, constitute a violation of the Securities Act, any other applicable statute or regulation, or the rules of any applicable securities exchange or securities association, as then in effect. In addition, each Participant who receives an Award under the Plan shall not sell or otherwise dispose of Stock that is acquired upon grant, exercise or vesting of an Award in any manner that would constitute a violation of any applicable federal or state securities laws, the Plan or the rules, regulations or other requirements of the SEC or any stock exchange upon which shares of Stock are then listed. At the time of any exercise of an Option or SAR, or at the time of any grant of any other Award, the Company may, as a condition precedent to the exercise of such Option or SAR or settlement of any other Award, require from the Participant (or in the event of his or her death, his or her legal representatives, heirs, legatees, or distributees) such written representations, if any, concerning the holder's intentions with regard to the retention or disposition of the shares of Stock being acquired pursuant to the Award and such written covenants and agreements, if any, as to the manner of disposal of such shares as, in the opinion of counsel to the Company, may be necessary to ensure that any disposition by that holder (or in the event of the holder's death, his or her legal representatives, heirs, legatees, or distributees) will not involve a violation of the Securities Act, any other applicable state or federal statute or regulation, or any rule of any applicable securities exchange or securities association, as then in effect. Stock or other securities shall not be delivered pursuant to any Award until payment in full of any amount required to be paid pursuant to the Plan or the applicable Award Agreement (including any Exercise Price, grant price, or tax withholding) is received by the Company.

(k) Section 409A of the Code. It is the general intention, but not the obligation, of the Committee to design Awards to comply with or to be exempt from the Nonqualified Deferred Compensation Rules, and Awards will be operated and construed accordingly. Neither this Section 9(k) nor any other provision of the Plan is or contains a representation to any Participant regarding the tax consequences of the grant, vesting, exercise, settlement, or sale of any Award (or shares of Stock underlying such Award) granted hereunder, and should not be interpreted as such. In no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by the Participant on account of non-compliance with the Nonqualified Deferred Compensation Rules. Notwithstanding any provision in the Plan or an Award Agreement to the contrary, in the event that a "specified employee" (as defined under the Nonqualified Deferred Compensation Rules) becomes entitled to a payment under an Award that would be subject to additional taxes and interest under the Nonqualified Deferred Compensation Rules if the Participant's receipt of such payment or benefits is not delayed until the earlier of (i) the date of the Participant's death, or (ii) the date that is six months after the Participant's "separation from service," as defined under the Nonqualified Deferred Compensation Rules (such date, the "Section 409A Payment Date"), then such payment or benefit shall not be provided to the Participant until the Section 409A Payment Date. Any amounts subject to the preceding sentence that would otherwise be payable prior to the Section 409A Payment Date will be aggregated and paid in a lump sum without interest on the Section 409A Payment Date. The applicable provisions of the Nonqualified Deferred Compensation Rules are hereby incorporated by reference and shall control over any Plan or Award Agreement provision in conflict therewith.

(l) Clawback. The Plan and all Awards granted hereunder are subject to any written clawback policies that the Company, with the approval of the Board or an authorized committee thereof, may adopt either prior to or following the Effective Date, including any policy adopted to conform to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and rules promulgated thereunder by the SEC and that the Company determines should apply to Awards. Any such policy may subject a Participant's Awards and amounts paid or realized with respect to Awards to reduction, cancellation, forfeiture or recoupment if certain specified events or wrongful conduct occur, including an accounting restatement due to the Company's material noncompliance with financial reporting regulations or other events or wrongful conduct specified in any such clawback policy.

(m) Status under ERISA. The Plan shall not constitute an "employee benefit plan" for purposes of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.

(n) Plan Effective Date and Term. The Plan was adopted by the Board to be effective on the Effective Date. No Awards may be granted under the Plan on and after the tenth anniversary of the Effective Date, which is February 25, 2031. However, any Award granted prior to such termination (or any earlier termination pursuant to Section 10), and the authority of the Board or Committee to amend, alter, adjust, suspend, discontinue, or terminate any such Award or to waive any conditions or rights under such Award in accordance with the terms of the Plan, shall extend beyond such termination until the final disposition of such Award.

10. **Amendments to the Plan and Awards.** The Board may amend, alter, suspend, discontinue or terminate any Award or Award Agreement, the Plan or the Committee's authority to grant Awards without the consent of stockholders or Participants, except that any amendment or alteration to the Plan, including any increase in any share limitation, shall be subject to the approval of the Company's stockholders not later than the annual meeting next following such Committee action if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which shares of Stock may then be listed or quoted, and the Board may otherwise, in its discretion, determine to submit other changes to the Plan to stockholders for approval; provided, that, without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. For purposes of clarity, any adjustments made to Awards pursuant to Section 8 will be deemed not to materially and adversely affect the rights of any Participant under any previously granted and outstanding Award and therefore may be made without the consent of affected Participants.
